MES/MJH Students Enjoy William Allen White Trip

On August 10th, sixteen students from Meade Elementary/Jr High enjoyed a day in Oklahoma City. The students completed the requirements for our William Allen White program this past school year, and were treated to lots of fun at Riversport Adventures. They also went to the Oklahoma City National Memorial, the site where 168 people were killed in 1995 from a domestic terrorist bomb blast.

Meade USD226—grades 3-8 have participated in this program for many years. While it is completely voluntary, if your child chooses to participate, they will be required to read from pre-selected list of 10-12 books. If any of the books are deemed inappropriate for age level content etc., there will be alternate books available. Students then test with the Accelerated Reader program and must achieve a minimum of 70% accuracy. The participants that complete the program will be eligible to go on a trip the following Fall. We realize that this is a lofty goal for most 3rd graders to accomplish. Parents are encouraged to help their children.

Those that made the trip include: Ashley Martin, Tate Jones, Bethany Reimer, Lily Ana Bussen, Ryker Vieux, Ace Rickard, Camdyn Flavin, Sayler Stapleton, Kate Parker, Lainey Jones, Lydia Wheeler, Savannah Ingram, Malik Wagner, Susie Driedger, Holly Reimer, and Sam Rickard.

State Alarmed by Drivers Who Don’t Stop for Buses

Alarmed by the number of motorists who drive by stopped school buses that are displaying flashing red lights and have extended the mechanical stop arm, officials are trying to raise awareness of the law and are considering changes in the law to make it easier to enforce.

When a school bus stops and activates its stop arm and flashing red lights, all traffic must stop from both directions — whether it is a two- or four-lane road. When a school bus stops and activates its stop arm and flashing red lights on a divided highway with a median separation, traffic

Bus Safety from pg. 1

approaching the bus from behind must stop. In all cases, stopped motorists must remain stopped until the bus no longer displays its flashing red lights and stop arm.

On April 17, Kansas bus drivers reported 1,040 stop arm violations. The data was collected during the Kansas One-Day Stop Arm Violation Count. There were 220 districts and 3,300 buses that participated in this year’s Kansas survey. In April 2018, 214 districts and 3,347 buses participated and reported 1,030 violations. In April 2017, 188 districts and 2,257 buses participated and there were 691 violations reported. Some of those violations included drivers who passed buses on the right while students were getting on or off, officials said.

KSDE has launched a “Stop on Red, Kids Ahead” public awareness campaign, which includes news releases, social media reminders, posters for schools, safety flyers, informational handouts and bumper stickers. State officials may seek a change in the state law when the 2020 legislative session starts in January to toughen penalties for violations.

“School bus safety should be a top priority year-round,” said Keith Dreiling, director of the Kansas State Department of Education’s School Bus Safety Unit. “It is the responsibility of everyone to make sure Kansas students remain safe. School buses remain very safe, but we know that student passengers are most vulnerable when they are outside the bus, so please obey the stop arm law.”
Three students finished the WAW program, but were unable to make the trip - Taylor Stapleton, Liz Hawley, and Lauren Goff.

Meade Recreation News

The Meade Recreation Commission provides year-round programs of varied recreation activities for all age groups. Our objective through these programs is the improvement and maintenance of mental and physical health, happiness, and well-being of the citizens of the Meade School District. Throughout the summer, we offered baseball, swimming lessons, dance, gymnastics, volleyball, basketball, tennis, and golf. Throughout the fall, our youth will be participating in volleyball and football. Please watch for sign up notes for basketball this November. At this time the Meade Recreation is able to offer these activities without the “pay to play” dues as in other areas.

If you have a program you would like to see added to our activities please contact our recreation directors, Beto Holguin and Ben Roberts. If you have an organization that would like to use the baseball facilities, there are liability waivers on file at both the city office and the Meade Grade School office.
