

BancFirst and Jones High School are partnering to afford our seniors the opportunity to serve as BancFirst Student Board of Directors.

The purpose of the BancFirst Student Board Program is to allow students a first-hand view of the operations of a bank, how a bank serves as an important community partner and allows students personal growth opportunities. Students will gain knowledge early in life regarding the importance of protecting their credit, banking issues, and other financial information. Additionally, students will give input into their banking needs and other topics that will help them plan for the future.
