2 **Summer School**

3
4 The school district may conduct a summer school program to provide
5 additional educational opportunities for students who need remedial
6 instruction and/or to enrich students' educational experiences. Students
7 who successfully complete classes offered through the district's summer
8 school program will earn credit toward high school graduation. Students
9 will be allowed to substitute a summer-school grade for a failing grade
10 earned during the regular school year. Students who take summer school
11 courses to replace a passing grade may not use the summer school
12 course to advance their class rank.
