REVISED 6.8.23

### A Look At Title I

North Brooks Elementary School (NBES) is identified as a Title I school as part of the Every Student Succeeds Act (ESSA). Title I is designed to support state and local school reform efforts tied to the challenging academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must jointly develop with parents and family members a written parent and family engagement policy.

### What is Our Plan For Shared Student Achievement?

This is a plan that describes how the administrators and staff of NBES will provide opportunities to improve family engagement to support student learning. NBES values the contributions and involvement of parents and family members to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that NBES will support family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

A survey is shared with parents to collect information to assist in the review and revision of this parent and family engagement policy, the annual school improvement plan, our school-parent compact, and the family engagement budget for NBES. Parent input and comments regarding this plan are welcome during the school year via our parent engagement coordinator. Our plan is posted on our school website for parents to view and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the following school year. Parents and family members can also give feedback during the various parent meetings and activities hosted by our parent engagement coordinator during the school year including our district's annual Lend Your Voice event.

All students participating in the Title I, Part A program, and their families are encouraged and invited to fully participate in the opportunities described in this plan. NBES will provide full opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children.

At the beginning of the year, a hard copy of the plan is distributed to all students. The plan is also disseminated via email and text using our Trojan app, posted on the school website and social media, and a hard copy can be retrieved from the Parent Resource Room at NBES.

### Parent Resource Room

Come visit our NBES Parent Resource Room to check out resources to support your child's path to mastering grade level standards, preparing for middle school, and ultimately graduation and post-graduation as a Brooks County Trojan; GMAS study materials, and strategies to use at home with your Trojan. Computers are available for parents to explore district resources and educational materials.

Monday – Friday | 7:30 am – 3:30 pm

### School-Parent Compacts

As part of our school plan, NBES and our families will develop a school-parent compact, an agreement between parents, teachers, and students that explains how parents and teachers will work together to make sure all our students reach grade-level standards. The compacts will be reviewed and updated annually based on feedback from parents, students, and teachers during the Lend Your Voice event and the monthly Coffee and Conversations meetings with principals. The school-parent compact is posted on our website, shared via our Trojan app, and made available in the front office if a parent needs additional copies.

### The North Brooks Elementary School Council Welcomes You!

Mr. Lee and Mrs. Gruno invite all parents to join the NBES School Council to share ideas and ways to involve other parents and family members to build partnerships with school, families, and our community. The team will meet four times during the school year, but parents and family members can also submit their ideas or suggestions at any school activities and meetings, as well as through our parent surveys, social media, and website. If you would like to learn more about the NBES School Council, please contact the principal at (229) 588-2344, or send an email to Mr. Reggie Lee at rlee@brooks.k12.ga.us.

### Our Commitment To You

NBES is committed to helping our parents and families attend the family activities listed in this policy. Please call or email us if you need assistance with child care or transportation in order to participate in our programs.

Mrs. Wendy Graham, NBES Parent & Family Engagement Coordinator

(229) 588-2344

**FAMILY-SCHOOL PARTNERSHIPS STANDARDS**

NBES has adopted the national PTA Standards for Family-School Partnerships as the school's model in engaging parents, students, and the community. These standards are:

- Welcome All Families
- Communicate Effectively
- Support Student Success
- Speak Up For Every Child
- Share Power
- Collaborate With Community

NBES will promote and support parents and family members as an important foundation of the school in order to strengthen the school and reach our annual school goals. NBES will:

- Ensure that all information related to school and parent programs, meetings, and other activities is provided in both English and Spanish, and posted on the school website.
- Provide trainings for staff during their planning periods on strategies to improve communication with parents and ideas to increase family engagement with literacy and math activities/strategies for our Trpjans outside of the classroom. Staff will also share best practices during the professional learning community meetings.
- Partner with community stakeholders, middle school, high school, and post-secondary schools, college and career ready resources or organizations, parent resource centers, or other programs (as applicable) to help prepare parents and their children to hold true to their pledge to graduate (P2G) as Brooks County Trojans.
- Share information in English and Spanish with parents to understand the school's academic standards and assessments as well as the ways parents can monitor their child's progress and work with educators.
- Communicate with all families and the community on a regular basis regarding schoolwide events and activities, through phone calls, email, phone messages, social media, and flyers.
- Work with our parents to develop relevant trainings and helpful presentations to educate our staff on the importance of parent and family engagement and how to support student learning.
- Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.
- Use our Community Partners and School Council to improve awareness of the activities and events listed in the school parent and family engagement policy.
- Offer requested workshops for parents and family members to help further enhance their skills to support student achievement.
- Collect feedback from parents and family members at all events, place input cards around the building and post a suggestion form on the school website in order to respond to parents' requests for additional support for parent and family engagement activities.
