# Rubric for Evaluating Colorado's Principals and Assistant Principals

Effective principals in the state of Colorado are responsible for the collective success of their schools, including the learning, growth and achievement of both students and staff. As the schools' primary instructional leaders, effective principals enable critical discourse and data-driven reflection about curriculum, assessment, instruction and student progress and create structures to facilitate improvement. Effective principals are adept at creating systems that maximize the utilization of resources and human capital, foster collaboration and facilitate constructive change. By creating a common vision and articulating shared values, effective principals lead and manage their schools in a manner that supports schools' ability to promote equity and to continually improve their positive impact on students and families.
