

## *Beyond the Bell ~ North Crawford EL/JH*

North Crawford School District is pleased to offer the ninth year of Beyond the Bell (BtB) after-school program which will be scheduled to start its year of operation on Monday, September 16, 2019.

Last year, we received another 5 years of the 21<sup>st</sup> Century Learning Grant which enables the program to continue its work with homework help, tutors, remediation and enrichment activities along with health & wellness activities, and parent/family education opportunities.

Transportation for ALL students participating in Beyond the Bell programming will be provided. In the interest of student safety and activity planning, please inform the Elementary office by 2:30 pm when your child will not be attending. Please complete the attached registration form and return it to the Elementary School Office by Friday, September 13, 2018.

We are excited to offer Friday programming this year. Students will have opportunities to explore a variety of topics as larger mixed age group. Programming will run as usually, when school releases until 5:30 pm when bus transportation will be available.

This grant-funded program will provide a light snack for each child after school.

Students accessing district transportation will leave the building by 5:30 pm and will arrive home at a consistent time based on the planned routes.

Students can sign up to participate in Math Monday, Reading Tuesday, Workout Wednesday, Twisted Thursday and Fun Fridays. Twisted Thursday activities may include technology, cooking, science, STEM or crafts. Fun Friday activities may include field trips, guest speakers and mixed group activities.

As a requirement of the grant, regularly schedule Family Night events will be held. We encourage families to attend these events. They are free family activities with a free meal served prior to event. Watch for details on the school website, facebook pages, in newsletters and flyers.

Within this newsletter you will find responses to frequently asked questions, year calendar and the registration form. Should you have additional questions regarding the CCLC, please contact me. I encourage you to offer feedback regarding this program as we work to best serve the needs of our students and the community. Thank you for your ongoing support of North Crawford School District.

Sincerely,

*Amy Anderson*
