Dear Parent/Guardian:

Your student is enrolled at Table Mountain School (TMS) for the duration of his or her stay at Butte County Juvenile Hall. While no student strives to enroll at TMS, many of our students use their time here as an opportunity to get back on track with their education.

Our school provides a strong academic program in all content areas necessary for graduation from high school or promotion from junior high school. Classes include English, math, science, social studies, fine arts and electives. Highly qualified teachers provide direct instruction in their areas of expertise to ensure the success of all students at every grade level.

Each student at our school begins with an orientation process that includes academic assessments and goal setting for education and career. Every student receives a complete transcript evaluation to ensure placement in the appropriate classes. The final step of new student orientation is a meeting with the school’s principal and/ or transition specialist to complete an education and transition plan. This has been done for your student, and they currently have a class schedule and transcript evaluation.

If you are interested in learning more about your student’s assessment results and/or education and transition plans feel free to contact our Transition Specialist Linda Mullick-Wahl for a Parent/Guardian conference. We are happy to meet with you at your convenience, at either Butte County Juvenile Hall or somewhere more convenient for you regarding any questions, comments, or concerns you have about your student’s educational goals and progress.

Our parent involvement policy is posted in the lobby; you can also find it, and more information regarding our school, at our new website https://www.bcoe.org/o/tms.

Thank you,

Karen Stiles
Director of Alternative Education
