Getting to know our new district office administrators....

L to R: Matt Seiser, Sally Kellman, Tom Wissink

Matt Seiser, Director of Facilities

I grew up in the West Bend / Kewaskum area but have lived in Dodge County the last 23 years. My blended family consists of my wife and her two adult children (Evyn and Jayde) along with me and my two adult children (Cody and Savanna). I have been in Buildings and Grounds for the last eight years. I am proud to be one of the newest members to the Cougar team!

Sally Kellman, Director of Student Services

I am so grateful for the opportunity to join the Campbellsport School District Team. I began my working career in the military as an 88M or hazardous duty truck driver. I served in the Army Reserve attending college at UW-Whitewater, where I earned a BA. I began in education, after several years of working in manufacturing for General Motors and Ford Motor Company. As a special

education teacher, my first teaching assignment was in Milwaukee Public Schools. I went on to work as a building special education administrator and then a director while earning a master's and doctorate in educational leadership. I have felt so welcomed and supported here, and I can't thank everyone enough for that; it's fun to come to work, and I look forward to supporting the students and families of the Campbellsport School District.

Tom Wissink, District Administrator

My family and I are excited and thankful for this opportunity. Both my wife Kelly and I are from the area. It is wonderful being closer to our families. We have five children, three grandchildren, and a chocolate lab. My two oldest work and live in Oshkosh. Our three youngest children will be at CES, CMS, and CHS and are involved in athletics and activities like golf, tennis, football, hockey, basketball, and baseball. We are busy but still enjoy camping, fishing, paddling, hiking, and anything outdoors! I began my working career in landscaping and construction before landing my first teaching position. I taught high school social studies, geography, history, and leadership. I have 28 years in education as a para, teacher, coach, assistant principal, principal, and now district administrator. I am a people person committed to working with our teachers, admin team, staff, parents, board, and community to provide every student the education they need to be successful, happy, and excel as leaders in their job, family, and community. Kelly and I believe small-town values, connections and relationships are important in raising and educating our children. We appreciate the kindness and support extended to us by many district staff, our neighbors, and community members. Campbellsport is a great place to live, work, and raise a family. I look forward to doing my part to make it even better!

Enjoy the rest of your summer. We are looking forward to having our students back in class and kicking off the 2022-23 school year! GO COUGARS!

Sincerely,

Tom Wissink
