I want to thank all of the teachers that made school so much fun and helped me get through. I want to thank all of my friends. To help make school interesting and to make me have a few laughs. It has been great.

Travis Robinson

To start, I would like to express my appreciation to those who helped me through the years. I also would like to thank everyone who asked me to help them because I enjoyed helping you made me feel great when you understood what I taught. I would really like to thank those people because they showed me that I can be a great teacher as well as a great friend. Also, everyone who has helped me, I'm very grateful because without you I would never understand why life is so complicated. I owe the most thanks to my teachers because they have shown me how fun learning can be. We will not understand the fun times we had until after we embark on our new lives. Personally I would like to thank the ones that helped me most in school, the teachers. Mrs. Collins, Mrs. Gavett, and Mrs. Deabay have shown me my future by teaching me the important lessons in life, as well as the class lessons. There's no way I would be able to thank everyone because they have proved to me that friendship is rewarding as well as the best part of life. There is

only one way I able to let the people who have affected my life, know my gratitude, THANK YOU. I will always be here for you. Life will never be the same.

Jon Graham

I would like to thank my parents for the love and support they have shown me in all my decisions. And for your undivided help with all the little bumps in the road along the way. Without you I might now have accomplished all that was asked of me. Next I would like to thank you Ashley, without you I probably wouldn't have turned out to be the person I am today. The last two years of my life have been one of the happiest sharing my time with you. You have been one of the biggest inspirations in my life. I am more thankful than anything to be able to meet and share my high school years with you. We've dealt with a lot of things and we still made it. You are truly one of the best friends I could ever ask for. I simply would like to say without a doubt that I love you.

Hey Natt don't think that I'd forget about you all those memories from kindergarten and on: they'll keep me laughing thanks for being such a great friend! I also would like to thank you Sarah for being one of my best friends since kindergarten.

Hey ben mad glad we got to be such good friends in high school it's been fun. Alex it's always a pleasure getting up and going to work with you, drinking water, and watching you puke have fun man! Thank you everyone, good luck with the furture!

Adam Gould

To my sisters, Brianne and Katie, who have always been there for advice if I ever asked and would always take care of me, I hope that one day I can repay you. Ashley, my first love, you are such a wonderful person that I have shared the best and worse days of my life with, we have been through it all together. I look at us in the future and hope for the best, I love you so much baby, no matter what. To my boys, Sabo ibus to school, I haven't known you for that long but it doesn't seem that we I know we will be friends till the end. First of all, I owe my biggest thank you to my parents. Mom and dad, we have been through more obstacles than most others, and through out it all, I still have that special bond with you that I had the day I was born. You two have always been there for me pushing, guiding, and encouraging me to go above and beyond what I am capable of. Thank you for loving me and nurturing me into the young lady I am today. Mrs. Tilton, Mrs. Treadwell, and Mrs. Woodson, thank you for everything. I could write pages thanking you for everything you have done for me, but for lack of space, I'll love you always. You are MUCH more than teachers to me. To all my friends who have made my four years at Hermon fun and eventful, I will miss you all dearly. Kaitlyn, Jesse, and Brett, we have definitely spent a lot of time together in classes these last four years. You are all going far and I can't wait to meet up with you again in the future. Last, but not least, my boyfriend, Andrew. Thank you for holding a special place in my heart, not giving up on me, and ALWAYS being there for me. I know that we will always remain close no matter what path life leads us on. To everyone, thank you, the years have flown by and now we must set out in the world to achieve our dreams!

I owe thanks to so many relatives, friends, and teachers and I will never be able to thank them enough. First and most importantly, I would like to thank my parents. Mom, I will never be able to thank you enough for the countless hours you have stepped away from your own personal life to help me with my college preparation. You have been nothing but perfect to me, and there is no way to explain how much I appreciate your love. Dad, it may seem funny, but I want to thank you for just being you. You are honestly my best friend and without you or Mom I would not be half the person I am today. I also want to thank you for being so strong-hearted. I love Mom and you both so much. I want to thank my sister for being there for me. I may not always act like it, but you truly are a great friend to me and I love you and good luck in your future years in high school. I want to thank someone who I hold very close to me. She has been there through everything, through my greatest times and also through the times that I was most down. Kaitlyn, I love you with all my heart, and I look forward to our future together. Scott and Adam G. thanks for being such great friends, Scott never forget all the times playing x-box and Adam getting a phone call and having to leave. His neck must be wrenched by now! I want to also thank all my teacher, MH, AD, BD, NP, TM, TG, AP, BB, CA, PC, WJ, JS, and everyone else who has helped me through my high school years.

Philip Robert Cayford Phil

First of all I would like to thank both my mom and dad for being there for me through thick and thin, and for supporting me through all the years. I would also like to thank them for trying their darnest to make it to all my sports games. I know It as hard because I had so many. I love you both! Thanks to both my teachers and my coaches for making my 13 years of education and athletics at Hermon the best. I couldn't see myself going anywhere else besides Hermon. Also thanks to all my friends who have been by my side through the years, I'll never forget the memories we've made. I wish you all goodluck In the future and to all who make Hermon the community it is.

First of all I would like to thank my mom and dad for pointing me in the right direction and always asking if I had my homework done. I would also like to thank my brother Adam for bragging about me to all his friend and for giving me the greatest nephew ever. I want to thank my grandparents, aunts, uncles, cousins, and in-laws for all the love. I want to thank BJ for the great times, the movies, and the hours of HeroClix. I want to thank the McGuinness family for the fun, laughs, and free artwork. I would also like to thank Mt. Dew Live Wire and Hot Pockets for the nourishment during the summer months. I also want to thank every musician that has given me the inspiration to play music better, louder, faster, slower, and softer. Oh, and my PS2 for keeping bordem away.

Mom & Dad - Thank you for all the support through out school, I would never be going to school to do my dream of being a Physical Therapist if it wasn't for the push that you gave me. You have supported me in all my choices of activities over the years even if you didn't totally approve of them or agree that I should waste my time doing them. Thanks for everything. I love you guys! Brian- where do I even begin with you, plan and simple you are my LITTLE brother. We have definitely had our share of fights over the years but we have also had many times of compromise. Thanks for all the memories you and your friends have definitely made me laugh and I'm going to miss fighting with you all the time. Kasey D.- you have been my best friend since I moved here in the 2nd grade. We have been through everything together from our first boyfriends and even the simple things like sunburns and bad hair cuts. Thanks for all the support over the years. You are the sister that I have never had. Love ya girl! Class of 2004 - we have come along way in 4 years its totally amazing that we have bonded so much. We've made so many memories together from Hall Decorating to winning TWO Winter Carnivals, and everything else that has come in between. These have been some of the best memories we'll ever have. Remember "Ya'll Know Who." Varsity Girls BBall Team this year was great, we worked hard for what we got and I'm sure going to miss seeing you all. Thanks for making his a great senior year ~!

There are many people who deserve my utmost gratitude for standing behind me throughout my entire education process thus far. These people are the ones who have consistently urged me to go above and beyond my means, all of whom, have helped my to become the person I am today. These people are my family, my friends and my teachers.

My family has always stood behind me in everything, including my failures. They have always been the first ones to lend me a helping hand, a supporting shoulder and give me a kick-in-the-butt when it was needed. I am unable to stress how much I appreciate them for everything; because there simply aren't enough words in any language to express my deepest gratitude and the emotions it brings forth.

I want my friends to know how much I appreciate them. My friends, the wonderful people they are, have helped me through my emotional dilemmas. They have helped me through my most vulnerable moments in which it seemed as though I would not be able to press on. My friends who have loved me, cried with me, shared with me, laughed with me, and have been like family to me. My best friend Tay Sandberg, my wonderfully loving Aisha Banks and my comrade Matthew Perry have helped me such a great deal in life that I know I will never be able to forget them or pay them back for all their kindness. I wish to say and show my thanks, but all that I can manage to do is shed a tear and know I will always remember how you and all of my friends have helped me to become who I am today.

Lastly, I must add on other gracious thank you. This thank you, this gratitude and appreciation is for my teachers. My educators of whom have helped me throughout my young years to move ahead and achieve my dreams. Without my teachers, or without teachers in general, where would anyone be? How would anyone accomplish their dreams? Therefore because of teachers, my teachers, I must say thank you Thank you for your patience, your kindness and caring for me when you didn't have to.

In closing, I would like to let my family, my friends, and my teachers know that I do greatly appreciate you. I appreciate everything you have done for me, for helping me accomplish as much as I have to this point in my life, and for helping me to become who I am. I appreciate everything you have done. I appreciate this so deeply that I can't express it in mere words. All I can do is say: Thank You.
