Instruction

The Superintendent will develop appropriate means to identify migrant students and to develop a plan to meet the educational needs of these children. Migrant students will be provided the full range of education and related services provided to other District students. (See also Policy and Regulation 2270 - Admission of Migrant Students.)

The educational plan may consist of the following:

1. Assess the educational ability of the student and determine an accurate grade placement, course assignments and any special education services that may be needed.
2. Identify any health and social needs and contact the appropriate public agencies for extended services.
3. Provide professional development activities for the teachers and support staff as related to migrant students.
4. Involve the parents in the educational program.
