ACADEMIC AND CAREER PLANNING SERVICES FOR STUDENTS

Wisconsin Administrative Code PI 26.03(1)(b) 1

School districts are required to inform parents of what academic and career planning services their child receives and provide parents with opportunities to participate in their child's academic and career planning. Wisconsin DPI has chosen the Xello program and Greenwood has adopted that program to track a student's academic/career pathway. Information on the program will be disseminated to parents and students as we transition into the new system.

EDUCATION FOR EMPLOYMENT PROGRAM

School boards are required by PI26.03 to notify parents of the District's Education for Employment (E4E) program. Under Wisconsin Statutes 121.02(1)(m) and 115.28(59), school districts must provide all students access to an E4E program that provides students in grades 6-12 with information and opportunities that lead to career planning and preparation. The School District of Greenwood Education for Employment Plan is available on the District's website www.greenwood.k12.wi.us Education for Employment plans will be revised to include Academic and Career Planning (PI26.03) goals beginning with the 2018-2019 school year.

ACCESS TO STUDENT RECORDS

The Board recognizes the need for confidentiality of student records.

School District Of Greenwood

Therefore, student's records shall be available for inspection or release only with prior approval of the parent/guardian or adult student, except in situations where legal requirements specify release of records without such prior approval. The Board has established guidelines relative to the collection, storage, retrieval, use and destruction of student records. Such procedures shall be in accordance with state and federal law and are identified in Board Policy 8330. Copies of the policy is available on the District website.

STUDENT DIRECTORY INFORMATION

While the school district must obtain and use certain information about each student in order to plan the best program possible, this need must be balanced with the right of each student and parent to privacy. Therefore, access to school information is limited and controlled.

If you do not want the School District of Greenwood to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing within fourteen (14) days of the publication of such notice in the Fall Edition District Newsletter, the official publication of the school district.

EVERY STUDENT SUCCEEDS ACT

On December 10, 2015, President Obama signed into law a reauthorization of the Elementary and Secondary Education Act (ESEA). Previously referred to as No Child Left Behind (NCLB), the newly reauthorized ESEA is being referred to as the Every Student Succeeds Act (ESSA). States will be given a transition period to work through these changes, with much of the new law going into effect in the 2017-18 school year.

NOTICE OF SUICIDE PREVENTION RESOURCES

According to section 115.365(3) of the state statutes, each school board must annually inform its professional staff of the resources available from the DPI and other sources regarding suicide prevention. Information describing the

suicide prevention resources and services and how staff can access them, along with model notices, are available on DPI's website.

PARENT RIGHTS AND THE CURRICULUM

As stated in School District of Greenwood Board Policy 2416.01, the Board of Education recognizes the right of parents/guardians to inspect instructional materials and to deny their child's participation in certain curricular activities in accordance with state and federal laws and regulations. The Board also recognizes that reasonable accommodations with regard to examinations and other academic requirements may have to be made from time to time because of a student's sincerely held religious beliefs, Policy 2270. Additionally, in accordance with Board Policy 2414, the District shall provide parents annually with an outline of the human growth and development program used in their child's grade level as well as information regarding how the parent may inspect the complete program and instructional materials. Prior to use in the classroom, the program shall be made available to parents for inspection.

Requests regarding the above may be made to the building principal. All requests shall be judged individually, based upon state and federal guidelines. If a parent/guardian is not satisfied with the building principal's decision, he/she may appeal to the district administrator.

VIDEO SURVEILLANCE

In accordance with Board Policy 7440.01, the Board of Education authorizes the use of video surveillance and electronic monitoring equipment at various school sites throughout the District and on school buses. Video surveillance is not constantly monitored.

SPECIAL EDUCATION

Upon request, the School District of Greenwood is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child

needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting Tonia Anderson, Director of Special Education, School District of Greenwood, at 715-267-6101 or at toanderson@greenwood.k12.wi.us

CHILD FIND AND STUDENT SERVICES

The District must locate, identify, and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities. The school district has a special education screening program to locate and screen all children with suspected disabilities who are residents of the District and who have not graduated from high school. Upon request, the District will screen any resident child who has not graduated from high school to determine whether a special education referral is appropriate. A request may be made by contacting Tonia Anderson, Director of Special Education, 715-267-6101 or by emailing her at toanderson@greenwood.k12.wi.us

MENINGOCOCCAL DISEASE INFORMATION

School districts must provide information to parents/guardians of children enrolled in grades 6-12 with information about meningococcal disease including: o Causes and symptoms of the disease, Meningococcal disease includes meningococcal meningitis and meningococemia. Meningococcal meningitis is a severe form of meningitis (inflammation of the meninges, the tissues that cover the brain and spinal cord) caused by the bacterium neisseria meningitidis. Meningococemia is an infection of the blood with neisseria meningitidis. A person may have either meningococcal meningitis or meningococemia, or both at the same time.

The signs and symptoms of meningococcal disease can vary widely, but include sudden onset of high fever, headache, vomiting, stiff neck and a rash. Sensitivity to light, sleepiness and confusion may also occur. Symptoms may be difficult to detect in infants and the infant may only appear lethargic, irritable, have vomiting, or be feeding poorly.

As the disease progresses, patients of any age may have seizures. Meningococcal disease is fatal in 8-15% of cases.

The meningococcus bacteria are spread by direct contact with respiratory and oral secretions (saliva, sputum or nasal mucus) of an infected person.

In 2005, the Advisory Committee on Immunization Practices (ACIP) recommended that children receive the new meningococcal vaccine (Menactra™) at their routine 11-12-year-old doctor's visit and that for the next two to three years, teens entering high school should also be vaccinated.

Additional information about meningococcal disease is available from the following web link: <https://www.dhs.wisconsin.gov/publications/p4/p42072.pdf>
