CONDUCT/DISCIPLINE

The board believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of students. The board approved code of student conduct is established to achieve the following purposes:

A. Foster the health, safety, and social and emotional well-being of students;
B. Support the establishment and maintenance of civil, safe, secure, supportive and disciplined school environments conducive to learning;
C. Promote achievement of high academic standards;
D. Prevent the occurrence of problem behaviors;
E. Establish parameters for the intervention and remediation of problem student behaviors at all stages of identification; and
F. Establish parameters for consistent responses to violations of the code of student conduct that take into account, at a minimum, the severity of offenses, the developmental ages of student offenders and students' histories of inappropriate behaviors as appropriate.

The board of education expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment. Students are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority and respond to those who hold that authority.

The board of education believes that standards of student behavior must be set cooperatively by interaction among the students, parents/guardians, staff and community, producing an atmosphere that encourages students to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

Board policy requires each student of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The chief school administrator shall provide to students and their parents/guardians the rules of this district regarding student conduct and the sanctions that may be imposed for breach of those rules. Provisions shall be made for informing parents/guardians whose primary language is other than English.

The chief school administrator shall establish the degree of order necessary to the educational program in which students are engaged.

Code of Conduct

The chief school administrator shall oversee the development of and the board shall approve a code of student conduct which establishes standards, policies and procedures for positive student development and student behavioral expectations on school grounds, including on a school bus or at school sponsored functions. The chief school administrator has the right and authority to impose a consequence on a student for conduct away from school grounds that is consistent with the board’s approved code of student conduct, pursuant to N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.5.
This authority shall be exercised only when it is reasonably necessary for the student's physical or emotional safety, security and well-being or for reasons relating to the safety, security and well-being of other students, staff or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2, and when the conduct which is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school. The board shall direct development of detailed regulations suited to the age level of the students and the physical facilities of the individual schools.

The district code of conduct shall contain:

A. A description of student responsibilities that includes expectations for academic achievement, behavior and attendance;

This type of behavior interferes with a student's ability to learn and a school's ability to educate its students in a safe environment. Therefore, the school district will not tolerate acts of harassment, intimidation or bullying.

Code of Student Conduct

The staff and administration of the Ringwood Public School System are here to help students make the transition from elementary to secondary education a positive and productive experience. We support students as they face new academic and social challenges at all grade levels and work to make it easier for students to grow and be successful in these areas. The Ringwood Public School Code of Student Conduct describes student responsibilities that include expectations for academic achievement, behavior and attendance in accordance with N.J.A.C. 6A:32-8 and 13.1. The Code of Student Conduct provides for equitable application of the code without regard to race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or by any other distinguishing characteristic, pursuant to N.J.S.A. 10:5.

Code of Conduct

I will respect myself and others.
I will treat others fairly.
I will not hurt anyone on the inside or outside.
I will do my best work.
I will care for school property.

Attendance – Absence / Tardiness

In accordance with N.J.S.A. Title 18A:38-25 through 31, N.J.A.C. 6A:32-8, 13.1, 6A:16-7.8 and supported by Ringwood Board of Education Policy #5113: It is the parents’/guardians’ responsibility to monitor their child’s attendance at school.

If a student is going to be absent or late, parents should notify the school by calling the school’s attendance line. If the school is not notified about an absence, the attendance monitor will contact a parent to verify the absence. Should this be unsuccessful, the Ringwood Police Department may be contacted. The student will be required to present a note upon returning to school from the parent/guardian indicating the reason for the absence.

We do not excuse tardiness except in the cases of illness, extreme emergencies or a late bus arrival. In case of illness or emergencies, students must present a parental note explaining the reasons when they arrive at school. Additionally, students coming to school late, or leaving school early, for medical appointments must return to school with a doctor’s note stating so. Any student accumulating 5 tardies, leaving school early 5 times, or a combination of the two totaling 5 times shall have a full day’s absence added to their total of accumulated absences. Additional consequences may result due to excessive tardiness/absenteeism. This may include a possible Ringwood Municipal Court appearance.

Upon receipt of the fifth unexcused tardy and/or early departure, the student will receive an administrative notification that the maximum number of absences has been accumulated. The next unexcused tardy and
all subsequent tardies will result in administrative detentions. Students are considered late to school if they arrive at their homerooms after attendance is taken.

Ringwood students have the responsibility of getting to school on time. Students have ample time to pass through the hallways and stop at their locker (if during a designated time). Therefore, arriving late to class and school is not acceptable.

**Bus Transportation**

Students are under the authority of the Ringwood Board of Education when riding on a school bus. It is the policy of the Board of Education to provide for the safety and welfare of pupils at all times. School bus transportation is a privilege. The bus driver is completely in charge of the bus and its riders at all times. Students must comply with all the rules and directions of the driver. Should a violation of the rules take place, a bus conduct report will be submitted to the school’s administration. Severe and repeated Bus infractions will result in disciplinary action. First offense one day bus suspension, second offense two week bus suspension, third offense one month bus suspension, fourth offense bus suspension for the remainder of the academic school year. The school bus and the bus stop are extensions of the school day.

All students are assigned to a bus route and bus stop in the beginning of the year. Once assigned, changing these routes and stops is not permitted. Only students officially assigned to a bus may enter or ride that bus. Any questions or concerns regarding transportation should be directed to the transportation department at 973-962-7500.

If you need to pick your child up from school, please send in a note stating so and sign them out in the school’s main office. Bus students wishing to walk must provide the office with a signed note with the specific date they will be walking.

**Walkers**

Students who are not assigned to bus transportation to and from school are considered walkers. The school is responsible for their safety and behavior from the time they leave home in the morning until they arrive home after dismissal. The following rules apply to walkers both before and after school:

1. All walkers must use the sidewalk at the school driveway. Do not walk or climb on the guardrails.
2. Walk to the left, facing traffic, where sidewalks do not exist. Keep as close as possible to the side of the road.
3. Always be alert to traffic and walk no more than two persons side by side to avoid blocking the roadway.
4. Do not walk through the woods or private property.
5. Walkers are not allowed to accept a ride home in cars without prior written permission.
6. *(for M. J. Ryerson Middle School)* Students riding bicycles to school must walk them up or down the driveway and follow all bicycle safety rules.
7. *(for M. J. Ryerson Middle School)* Only students who are considered permanent walkers may ride bikes to school. A signed parent permission slip (available in the school’s office) is required and will be kept on file.

**Health Services**

Students who require medication during school hours must bring the original labeled container to the nurse. A doctor’s note is required, together with written permission from the parent/guardian for the nurse to administer any medication. The doctor’s note should identify the drug, dosage, time schedule and purpose of the medication. Students can not carry or administer any medication without proper documentation on file. Any medication to be administered during school hours must be kept in the nurse’s office. If you become ill in school, you must report to the nurse who will decide what action to take. Students may not leave the building because of illness without authorization from the health office. **As per**
the school district’s physician, students who have been diagnosed with strep throat should be on antibiotics for at least 24 hours before returning to school.

When a student becomes ill at home with a communicable disease or physical injury, the school nurse must be notified immediately and the parent/guardian will be familiarized with school rules concerning the illness or injury. Any student returning to school with a cast, crutches or injury must report to the nurse before homeroom. Parents/Guardians should advise the nurse at the beginning of the school year of any physical disabilities or health concerns that might affect school activities. In addition, the school will provide a current list of community-based health, social services providers and legal agencies that are able to support and advise a student and a student’s family. The school nurse, the district’s special services department and or the school’s administration will provide students, parents or guardians with a list of specific providers when necessary.

**Homework / Make-Up Work**

Homework is an essential part of every child’s education. Parental supervision and support with homework is necessary for students to attain desired results from instruction. All homework assignments will be relevant to the subject matter being taught; all teachers will check completed homework.

Students are responsible for all work missed due to absence or class time missed for school activities. Work can be obtained through the school office when a student is absent for two or more days. Requests must be made at the same time the absence call is made. The school work will be ready one half hour after dismissal time on the day requested. Number of days that the student is absent is equal to the same amount of days allotted for completion of make-up work. Homework assignments may also be accessed through the Parent Portal.

**Academic Progress and Achievement**

The Administrative team, guidance department and teachers help to provide positive reinforcement for students who display good conduct and academic success. Students who demonstrate stable or improved academic progress will have the opportunity to participate in special school functions, such as dances, assemblies, class trips and special activities. Students who do not display a positive attitude toward their academic responsibilities may be restricted from attending these special school functions. Additionally, students who fail one or more subjects for the school year may be required to attend a certified summer school program to be promoted to the next grade level.

Student support interventions are provided through the Intervention and Referral Services process in an effort to help make all students academically and socially successful. The school’s administration will take into account the nature of the behaviors, the developmental ages of the students, and the student’s histories of problem behaviors and performance when implementing a need for a behavior modification plan. Students with specified disabilities; the behavior plan and interventions will be pursuant to the requirements set in N.J.A.C. 6A:14.

**Guidance Services**

The guidance department is available to help students and parents with any questions or problems they may have. Students may see their counselors before school, after school or during the school day with teacher permission. Guidance counselors provide services that include, but are not limited to promoting congenial relationships among students, providing assistance with student academic, social, disciplinary and scheduling problems. Counselors also coordinate the guidance curriculum within the school, coordinating student testing and offering suggestions and assistance to teachers and parents concerning academics,
discipline and socialization. Parents may schedule appointments or speak to the school’s guidance counselor by contacting the school’s main office.

**Extracurricular Activities (M. J. Ryerson Middle School)**
The academic program is supplemented by activities that give students an opportunity to expand areas of interest. A balance of academics and extracurricular experiences is essential to student development and provides rewarding experiences. The following programs are offered at the middle school level to provide an environment of social growth and promote positive attitudes:

- Across Ages
- Art Club
- Audio Visual
- Band
- Interscholastic Basketball (Boys & Girls)
- Chorus
- Drama
- Homework Club
- Literary Magazine
- Student Council
- Student Newspaper
- Yearbook

Students who participate in these activities must maintain a 90% attendance rate, earn no grade below a C, and receive none of the following comments on their report cards:

- **(20)** Responsible and cooperative attitude to be developed;
- **(21)** Ongoing disregard for school homework policy;
- **(22)** Distraction in class that interferes with the learning of other students;
- **(23)** Behavior needs improvement.

In the event a student does not meet these requirements, he/she will have a determined probationary period set up to bring the grades and comments to an acceptable level or lose activity privileges.

**Care of School Property and Textbooks**
The Board of Education supplies textbooks and a reasonable quantity of supplies to each student. You are expected to exercise care in handling textbooks and other school materials. Defacing or destroying school property is not only inexcusable, but also subject to disciplinary consequences.

Textbooks are to be covered at all times. Write your name and your teacher’s name inside the front cover. You are responsible for the care and protection of your books. Students will be required to reimburse the school for any damage or excessive wear and tear. A student who loses a book will be required to purchase another book. If the original book is found, a refund will be given.

**Guidelines for Lost or Damaged Books**
At the beginning of the school year, classroom teachers will assess the condition of each student’s textbook. At the conclusion of the school year, textbook condition will be reassessed to determine possible book fine amounts.

**Lost Book Fine:** All prices are determined upon the current cost of purchasing a new or used version of the textbook that was lost.

**Damaged Book Fine:**
1. If the book is judged to be unusable, fines will be levied as if it were a “lost book”.
2. Severe damage could result in a fine as high as half the value of the book. Fines range down to $1.00 for minor damage.
3. Any attempt to repair damaged books will lessen the fine if the attempt is successful.

Checks should be made payable to **Ringwood Board of Education**.
Behavioral Expectations

Proper behavior is essential to maintain a safe and secure school environment that is conducive to learning. The safety of each student in our school, and the ability to maintain an appropriate environment for learning to take place, are of utmost importance. The behavioral guidelines are set in place to help support student development which will allow students to become productive citizens. The following policies and expectations are designed to make all members of the school community aware of rules, responsibilities and consequences. To accomplish this goal, it is imperative that students, parents, teachers, counselors and administrators work together. Our students need to know what behaviors are acceptable and unacceptable. Following are guidelines that have been developed by the district’s administration, with input from teaching staff, students, parents and the community.

The most effective behavior management occurs when the teacher and student interact together. Most problems can be solved within the classroom. Parents/guardians are partners with the school and will be made aware of the issues in need of resolution. Parents may arrange conferences with teachers to discuss concerns by calling the school’s office. Parents are encouraged to share situations that may affect the child’s behavior and or general academic performance irrespective of students’ marriage, pregnancy or parenthood.

Each teacher will develop and accurately follow a classroom management plan that includes rewards, consequences, and parent contact. Should an incident occur within the classroom that violates that management plan, the teacher will discuss the problem with the student and review proper classroom procedures. Prior to any student being sent to the school’s administration for disciplinary action, it is recommended that the teacher make contact with the student’s parent(s), and if appropriate, assign a consequence. However, this does not preclude the fact that, in some instances, referral to a building administrator is necessary without first making contact with the parent.

After an administrator sees a student, the parent, teacher, guidance counselor, Child Study Team member and/or case manager will be informed about the infraction and the consequence. Repeated referrals to an administrator, or an infraction requiring suspension, will require a guidance conference with the student and possible referral to the Intervention and Referral Services Committee and or the Special Services Department which can help to set in place a remediation plan for improving specific behaviors. The school will assist the student in working to improve these behaviors. All suspensions and or possible expulsions are in accordance with N.J.S.A. 18A:37-2. All students’ rights and responsibilities are in alignment with the due process and appeal procedures and policies set forth in N.J.A.C. 6A:13-1.3 through 1.17, N.J.A.C. 6A:4 and where applicable, N.J.A.C. 6A:14-2.7 and 2.8 and 7.2 through 7.6. Parent notification for suspension and or expulsion will be consistent with the policies and procedures established pursuant to N.J.A.C. 6A:16-6.2(b)3, 7.2, 7.3 and 7.8. In addition all student records and privacy protections are in accordance with Federal and State laws and regulations identified at N.J.A.C. 6A:16-7.1(c)3vii.

All students are subject to the following discipline procedures, in accordance with the law concerning corporal punishment of students (N.J.S.A. 18A:6-1), whether these behaviors occur with a Ringwood staff member or a substitute teacher. The administration reserves the right to assign penalties for offenses not listed or to adjust a particular penalty when the severity of the offense warrants. This may include, but is not limited to, the following: Disrespect for Authority; Consistent Disregard of School Rules; Destruction of School or Personal Property; Dress Code; Behavior on the Buses, Playground, and in the Hallways; Internet Policy; Substance Abuse Policy.

An Out-of-School Suspension may require a re-entry parent/student/administrator conference. Disregard of school rules may result in loss of privileges or participation in school functions, such as dances,
assemblies or special activities. In all cases, the Administration reserves the right to make the final decision on all disciplinary consequences. Extended periods of proper school behavior will be taken into consideration.

**Playground and Cafeteria**
The playground period is an opportunity to relax and enjoy a break from the academic school day. The following guidelines have been established to maintain safety and foster a pleasant experience for all students on the playground. Violation of any of these rules will result in disciplinary consequences.

1. There is no pushing and shoving of other students. Fighting or physical contact of any kind is not permissible.
2. Throwing of stones, rocks, snow, mud or any other inappropriate items is not permitted.
3. Food and drinks are not permitted on the playground.

DRESS AND GROOMING

It is recognized that the basic responsibility for the proper dress of students lies with the student and their parent or guardian. However, students are expected to wear clothing which is neat and clean, is consistent with standards of health and safety and does not disrupt learning in the classroom. The administration requests that the students come to school dressed appropriately, remembering that school is an academic setting, not an outdoor or recreational environment.

The administration reserves the right to make the final decision regarding appropriate dress in school as well as at school-sponsored functions. Blatant disregard for the school’s dress code can result in disciplinary actions.

1. In order to create a positive school atmosphere, attire and grooming should be reasonably modest and neat. Derogatory slogans are unacceptable, as well as shredded, ripped, cut-off, bare midriff, see-through clothing which exposes the torso, underwear as outerwear, beachwear, abbreviated leisure or athletic wear as tops or bottoms. Sleeveless tops with straps less than 2" wide, cut-out shirts, razor back shirts, sleeveless athletic jerseys and bra straps that can be seen are unacceptable.

2. Bermuda, cargo and walking shorts are acceptable school attire; however, short shorts, cut-offs, athletic shorts, gym and exercise shorts, swim suits, skorts, and mini-skirts are examples of undesirable school attire that are prohibited. Skirts must be of an appropriate length as compared to the height of the student. Backless footwear such as: sandals, flip-flops and slippers, are not to be worn at school, due to safety concerns. Sneakers must be worn in a way that will not cause a safety hazard.

3. In specialized areas of instruction such as shops, labs or physical education, where unique health and safety concerns exist, students will be expected to follow guidelines established by each department.

4. No coats, jackets or outerwear of any kind are permitted in halls or classrooms during the school
day. These items must be kept in the student’s locker.

5. Head wear of any kind is prohibited anywhere inside the school building, unless for religious observance. This includes, but is not limited to, any type of hats, visors, headbands, bandanas and sunglasses.

6. Pants, slacks or shorts must be waist fitted and worn at hip level to prevent exposing bare skin and/or underwear. Pants or shorts must be worn so the entire waistband is at or above the top of the hip. The legs of pants shall extend to the top of the shoe and cannot be worn rolled up exposing the student’s leg. Long or extended belts that hang off of the student’s pants or waist are not appropriate for school. Tight, form fitting leg wear or leggings must be worn with an appropriately long top, which is long enough to reach the fingertips when the arm and fingers are fully extended down the student’s side. **Pajama attire is not permitted in school.**

7. No link chains, bicycle chains, spike collars or bracelets and or any long or extended jewelry that may pose a safety risk to the student or to others, may not be worn in the school.

8. Any clothing that has writing or pictures suggesting violence, profanity, sexual connotations, tobacco, alcohol or drug use is not permitted.

9. Students who are unsuitably attired for school will be detained until appropriate clothing can be secured.

DUE PROCESS for CONDUCT/DISCIPLINE INFRACTIONS

While the board believes that positive approaches to acceptable behavior are usually more effective, it is sometimes necessary to penalize pupils for violations of school regulations to ensure the good order of the school and to teach pupils the consequences of disruptive behavior. In all instances, students will be afforded Due Process Procedures.

Due Process Procedures for Student Discipline

Due Process must include written notice of the charges and a fair and impartial hearing as required. This can be provided upon request of the student or of the student’s parent(s)/guardian(s).

A. The school must give the student written notice of charges within a reasonable time before the hearing. This notice shall include:

1. A copy of the school policy allegedly violated;
2. The facts related to the alleged violation;
3. Information about any statements that the school has received relating to the charge and instructions on how to obtain copies of those statements; and
4. Information regarding any part of the student’s record that the school will consider in rendering a disciplinary decision.

B. The school principal must hold a fair and impartial hearing before imposing disciplinary action, except under the following circumstances:

1. If the Act requires immediate removal (such as, if the student brought a firearm or other weapon to school) or if there is some other statutory basis for removal;
2. In an emergency situation that seriously and immediately endangers the health or safety of the student or others or involves the destruction of property; or
3. If the student (or the student’s parent(s) or guardian(s) if the student is less than 18 years old) chooses to waive entitlement to a hearing.

C. In an emergency situation under paragraph B of this section, the school:

1. May temporarily remove the student;
2. Must immediately document for the record the facts giving rise to the emergency; and
3. Must afford the student a hearing that follows Due Process, as set for in this part, within ten (10) days. Additional information may be obtained in Policy 5114 and 5114 R.

D. If the hearing held by the school principal does not satisfy the needs of the student and/or his/her parent(s)/guardian(s), a written request for an appeal hearing may be submitted to the District Chief School Administrator. The decision of the Chief School Administrator shall be final.

SUSPENSION AND EXPULSION

While the board believes that positive approaches to acceptable behavior are usually more effective, it is sometimes necessary to penalize pupils for violations of school regulations to ensure the good order of the school and to teach pupils the consequences of disruptive behavior.

Pupils who indulge in disruptive behavior may be suspended or expelled. Disruptive behavior includes, but is not limited to:

A. Continued and willful disobedience;
B. Open defiance of the authority of any teacher or person having authority over a pupil;
C. Actions that constitute a continuing danger to the physical well-being of other pupils;
D. Physical assault upon another pupil, a teacher, or any school employee with or without a firearm or other weapon;
E. Taking, or attempting to take, personal property or money from another pupil whether by force or fear;
F. Willfully causing, or attempting to cause, substantial damage to school property;
G. Taking part in any unauthorized occupancy of a district facility and refusing to leave promptly when directed to do so by a person in authority;
H. Inciting others to take part in an unauthorized occupancy;
I. Inciting other pupils to truancy;
J. Truancy and class cutting; leaving school property without permission;
K. Poor attendance and lateness;
L. Use or possession of unsafe or illegal articles;
M. Use of any tobacco product on school property;
N. Use, possession or sale of a controlled dangerous substance, drug paraphernalia, anabolic steroids or alcohol;
O. Use of profanity or abusive language;
P. Turning in a false alarm;
Q. Tampering with or damaging property of other pupils or staff members;
R. Selling or buying lottery tickets or any other gambling paraphernalia on school property;
S. Harassment, intimidation and bullying.

Any pupil who commits an assault (as defined by N.J.S.A. 2C:12-1) with or without a weapon upon a board member, teacher, administrator or other employee of the board of education shall be suspended from school
immediately according to procedural due process, and suspension or expulsion proceedings shall begin no later than 30 calendar days from the date of the pupil's suspension.

Any pupil who is convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found knowingly in possession of a firearm on any school property or on a school bus or at a school-sponsored function shall be immediately removed from the school's regular education program for a period of not less than one calendar year. The chief school administrator may modify this suspension on a case-by-case basis. Each pupil so removed shall be placed in an alternative educational program or on home instruction and shall be entitled to a hearing before the board. The hearing shall take place no later than 30 days following the day the pupil is removed from the regular education program and shall be closed to the public.

The principal shall be responsible for the removal of such students and shall immediately report them to the chief school administrator. The principal shall also notify the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

The chief school administrator shall determine at the end of the year whether the student is prepared to return to the regular education program, in accordance with procedures established by the Commissioner of Education.

In-school Suspension

The board directs the administration to arrange facilities for in-school suspension whenever possible. Pupils will be required to occupy themselves with school-related work during such suspensions. No socializing shall be permitted. Pupils shall be counted as present in school but absent (excused) from individual classes.

General

Pupils on home suspension shall be counted absent (excused) unless the duration of the suspension requires home instruction.

Except when special considerations warrant (at the discretion of the administration), every pupil will be given a written warning in the form of a disciplinary notice that subsequent violation of school regulations may result in his/her exclusion or suspension.

Pupils under suspension are prohibited from participating in or attending any board approved activity during the period of their suspension. They may not enter the school buildings or grounds of this district without the permission of the chief school administrator. Any pupil under suspension who enters the school buildings or grounds without the permission of the chief school administrator may have the period of his/her suspension extended. The right to continue the suspension or to expel is reserved to the board of education, acting upon the recommendation of the administration.

Serious violations of school regulations which create a dangerous or unsafe condition for other pupils shall cause a pupil to be suspended upon the first offense.

Making up Missed Work

Pupils who are under suspension will be required to make up all assignments missed during the period of their suspension and will be given adequate opportunity to make up this work.

Upon their readmission, failure to complete the makeup assignments will result in a meeting with the parents/guardians. The chief school administrator will notify parents/guardians by telephone and promptly send a letter regarding the telephone conversation.

Procedures
The administration shall establish, and the board shall approve, specific procedures for dealing with suspension cases. Regulations ensuring due process to all pupils before a suspension is imposed shall be developed with the advice of the board attorney and shall include at least:

A. Informing the pupil of the charges against him/her;
B. Giving the pupil a chance to reply to them.

These regulations shall also include safeguards for the dismissal of pupils suspended from school, procedures for calling a prompt conference with parents/guardians, limitations on the length of suspensions, and specifics for the reinstatement of pupils.

Every effort shall be made to impose each suspension promptly so that the pupil can be returned to school with a minimum loss of school time and school work.

When the chief school administrator imposes a suspension, he/she must report it to the board. No suspension for reasons other than assault upon a teacher, administrator, board member or other board employee may continue beyond the second regular meeting of the board following the suspension without board action. No suspension for assault upon a teacher, administrator, board member or other board employee may be continued beyond 30 days without board action. A suspended pupil may be reinstated by the chief school administrator before board action.

Each pupil shall be afforded an informal hearing before the suspension or, if circumstances prohibit, as soon as possible after the suspension except that, when extraordinary circumstances involving the health and safety of the pupil or others in the school require immediate exclusion, the hearing may be delayed to such time as circumstances permit. Pupils suspended for a period of time longer than a short-term suspension shall be afforded a formal hearing before the board which shall take place not later than the second regular meeting of the board following the suspension without board action. No suspension for assault upon a teacher, administrator, board member or other board employee may be continued beyond 30 days without board action. A suspended pupil may be reinstated by the chief school administrator before board action.

The board shall make a decision within five days of the close of the hearing. Any appeal of the board's decision shall be made to the Commissioner of Education within 90 days of the board's decision.

The board requires that such hearings shall be closed to the public, but should all parties thereto agree, the hearing may be publicly held. Each suspended pupil who has requested a formal hearing shall be restored to the regular educational program pending the outcome of the hearing, except when, in the opinion of the chief school administrator, the presence of the pupil in school poses such a danger to himself/herself or others as to warrant continued absence.

Each such pupil suspended from the schools of this district shall receive instruction commencing not later than five working days after the suspension occurs, except that the board may, on the recommendation of the chief school administrator, assign the pupil to an alternate educational program to meet his/her particular needs (see policy 6172 Alternative Education).

Expulsion

The board will consider expulsion only if:

A. The chief school administrator with his/her staff have exhausted all means of bringing about a correction of repeated misconduct; or
B. The nature of a single act presents such a clear possibility of danger to others that immediate definitive action is indicated.
SUSPENSION AND EXPULSION (continued)

The parents/guardians of the pupil shall be interviewed, if possible, and advised of the reasons why expulsion is being considered, of the rights of the pupil to a full hearing which will afford him/her procedural due process, and the right of parents/guardians to appeal to the chief school administrator.

The child shall remain out of school until either:

A. An appeal made to the chief school administrator is decided in the child's favor; or
B. The appeal (if made) has been denied and the board has met to hear the chief school administrator's recommendation.

If the board determines that the charges, if true, may warrant expulsion, the board will set a date for the hearing. The board attorney will arrange for the giving of legal notice to all parties concerned for the preparation and presentation of evidence in support of the charges at the hearing.

The pupil must receive:

A. Notification of the charges against him/her;
B. The names of the adverse witnesses;
C. Copies of the statements and affidavits of those adverse witnesses;
D. The opportunity to be heard in his/her own defense;
E. The opportunity to present witnesses and evidence in his/her own defense;
F. The opportunity to cross-examine adverse witnesses; and
G. The opportunity to be represented by counsel.

Juvenile authorities and law enforcement agencies shall be notified or consulted if necessary.

If a pupil younger than 18 years of age is expelled, the board shall continue to supply an educational program for him/her.

Implementation

The chief school administrator shall develop detailed written procedures to implement this policy. He/she shall ensure uniform and consistent application of the policy and shall report to the board as required on its effectiveness.

The chief school administrator or his or her designee shall annually evaluate district data regarding short- and long-term suspensions and expulsions and take measures as appropriate to ensure that minority and male students are not disproportionately represented in detentions, suspensions and expulsions.

When an alternative educational program is provided for a pupil identified as disruptive but not disabled, the chief school administrator shall inform the board.

B. The superintendent shall report the suspension to the board at its next regular meeting;

C. Such principal or superintendent may reinstate the suspended student unless the board has already reinstated the student at the first regular meeting;

D. No suspension of a student by a principal shall be continued longer than the second regular meeting of the board after such suspension, unless the same is continued by action of the board and the power to reinstate, continue any suspension reported to it, or expel a student shall then be vested solely in the board; and

E. The school principal shall have the right to suspend or the right to move to expel a student for conduct away from school grounds, if such suspension or expulsion is reasonably necessary for the student’s physical or emotional safety and well-being or for any other reason relating to the safety and well-being of other students, teachers or public school property.

GENERAL STATEMENT

The following guidelines for suspension and expulsion are established to ensure the good order of the school, provide appropriate notice of penalties for violations of school regulations, teach students the consequences and provide examples of disruptive behavior, provide notice of penalties for assault and weapons violations, and establish due process rights of any student that is suspended or expelled.

### DEFINITIONS

"Bodily injury" means physical pain, illness or any impairment of physical condition.

"Firearm" means any handgun, rifle, shotgun, machine gun, automatic or semi-automatic rifle, or any gun, device or instrument from which may be fired or ejected any solid object or gas, by means of a cartridge or shell or by the action of an explosive or the igniting of flammable or explosive substances. It shall also include, without limitation, any firearm which is in the nature of an air gun, spring gun or pistol or other weapon of a similar nature in which the propelling force is a spring, elastic band, carbon dioxide, compressed or other gas or vapor, air or compressed air, or is ignited by compressed air, and ejecting a bullet or missile smaller than three-eighths of an inch in diameter, with sufficient force to injure a person.

"Serious bodily injury" means bodily injury which creates a substantial risk of death or which causes serious, permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.

"Weapon" means any object readily capable of inflicting serious bodily injury. The term includes, but is not limited to, (1) components which can be readily assembled into a weapon; (2) knives, clubs, slingshots, bands studded with metal filings or razor blades imbedded in wood; and (3) stun guns; and any weapon or other device which projects, releases, or emits tear gas or any other object or substance intended to produce temporary physical discomfort or permanent injury.

“School rules” means any applicable state or federal statute, code, regulation, ordinance, or legal directive issued by an authority having control over students and shall include the code of student conduct.

### Informal Hearing

"Informal hearing" means a discussion between a school administrator and a student regarding the student's alleged misconduct in which the student is informed of his or her alleged violation of the code of student conduct (see N.J.A.C. 6A:16-7.1, and board policy 5131 Conduct and Discipline) and the basis for the accusation, and potential for discipline. During the informal hearing, the student is given the opportunity to explain his or her version of the facts and events regarding the alleged violation.

In the event suspension is to occur, the building principal will make every reasonable effort to contact the parent(s) or legal guardian by phone. In all cases, the suspension will be followed by an explanatory letter to the parent(s) or legal guardian.

At the end of the suspension period and before the student returns to class, a meeting will be held with the parent(s) or legal guardian, building principal, and any other necessary staff member to discuss ways that the student's problem may be resolved.

The decision made by the principal may be appealed to the superintendent and the local board by the parent(s) or legal guardian of the student.

### Formal Hearing

Should a suspension be continued longer than the second regular meeting of the Ringwood Board of Education, after such suspension is imposed, there shall be a formal hearing.
The student shall forthwith receive a statement of the charges lodged against him/her. The student may be represented by an attorney and shall have the right to the rudiments of an adversary proceeding including the right to confront witnesses against him/her.

“Formal hearing” is held before the board of education and at a minimum shall:

A. Be conducted by the board or it may be delegated by the board to a board committee, a school administrator, or an impartial hearing officer for the purpose of determining facts or making recommendations. Before taking final action, the board as a whole shall receive and consider either a transcript or detailed report on the hearing;

B. Include an opportunity for the student to confront and cross-examine witnesses if there is a question of fact and present his or her own defense, and produce oral testimony or written supporting affidavits;

C. Take place no later than 30 calendar days following the day the student is suspended from the general education program; and

D. Result in the district board of education's decision that shall be based, at a minimum, on the preponderance of evidence, which means that the board shall determine which facts are more likely to have happened than not.

If found innocent, any entry referring to the incident shall be expunged from the school records.

Appeal

The decision made by the principal may be appealed to the superintendent and Ringwood Board of Education. The appeal may then be made to the Commissioner of Education, the State Board, and finally through the courts. The Board of Education also may resort to the same appeal process.

PROCEDURES

Procedures for Suspension of Classified Students

A. For disciplinary reasons, classified students may be suspended from their current educational placement for 10 or fewer consecutive or cumulative school days per year, by the building principal/designee so long as they receive the same due process protections and educational services as non-classified students during the period of suspension. However, upon removal, the building principal/designee must forward a written notice and description of the reasons for the student’s removal to the case manager and the student’s parents:

1. In imposing a removal of ten days or less on a classified student, the building principal may, on a case-by-case basis, consider any unique circumstances pertaining to the violation of the student code of conduct. Any such unique circumstance shall be included in the above written description of the reasons for removal.

2. Special education students are entitled to receive general educational services on or before the fifth day of suspension. A building principal who imposes a suspension of five days or more on a special education student must contact the case manager to ensure that appropriate services are provided.

B. Preschool students with disabilities shall not be suspended or expelled.

C. The case manager shall monitor each removal and make an initial determination as to whether the removal constitutes a potential change in placement.
SUSPENSION AND EXPULSION PROCEDURES (continued)

D. Change in Placement

Every removal of a classified student from his IEP designated placement for disciplinary reasons, shall constitute a change in placement if:

1. The removal is for more than ten consecutive school days; or
2. Separate removals constitute a pattern of removal because they cumulatively amount to more than ten school days in a school year. In determining whether a pattern of removal exists, consideration should be given to similarities among the following factors:
   a. The length of each removal;
   b. The total amount of time the student has been removed;
   c. The proximity of the removals to one another;
   d. The similarity of conduct necessitating removal;
   e. Factors precipitating the conduct;
   f. The building principal/designee must consult with the case manager in determining whether a pattern of removals exists. If a pattern is found to exist, the removals constitute a change-in-placement. The director of special education services should also be consulted as to the determination.

3. Where a change in placement is found, the child and parents are entitled to all due process protections listed in N.J.A.C. 6A:14-2.3 et. seq. as follows:
   a. The building principal/designee shall provide written notice, within 15 calendar days of the above determination, to the parent regarding the change in placement;
   b. The building principal/designee shall provide notice, fifteen calendar days in advance, of any proposed action. Notice shall be compliant with N.J.A.C. 6A:14-2.3(g). Any proposed action may be taken in less than 15 calendar days upon parental consent;
   c. The proposed action shall be implemented on the 16th calendar day unless the parent disagrees and measures are taken by the building principal/designee to resolve the disagreement; or
   d. The parent files a request for mediation or due process pursuant to N.J.A.C. 6A:14-2.6 or 2.7. If such a request is filed, the proposed action must be delayed pending the results of mediation or due process, as the case may be;
   e. The board, through the case manager, shall ensure that services to a student with a disability who has been removed from his or her education placement for more than 10 consecutive or cumulative school days, are sufficient to allow the student to progress appropriately in the general education curriculum and advance appropriately toward the student's IEP goals and objectives.
   f. A classified student who is subjected to disciplinary action that includes removal to an interim alternative educational setting, suspension for more than 10 consecutive or cumulative school days in a school year, or expulsion is entitled to additional protections as listed in 20 U.S.C. § 1415(k). Upon removal, the building principal/designee shall ensure:
      1. Education services are provided that are sufficient to allow the student to progress appropriately in the general education curriculum and advance appropriately toward the student’s IEP goals and objectives;
      2. A functional behavioral assessment, behavioral intervention services, and modifications to address the behavior so that it does not recur.

4. Manifestation Determination

Within 10 school days of any change in a classified student’s placement due to a violation of the code of student conduct, the case manager shall convene an IEP meeting and with the parent, shall review all relevant information in the student's file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to conduct a manifestation determination to determine:
SUSPENSION AND EXPULSION PROCEDURES (continued)

a. Whether the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. Whether the conduct in question was the direct result of the district's failure to implement the IEP.

5. Manifestation Found

If the IEP team determines that the conduct was caused by, or had a direct and substantial relationship to, the child's disability; or was the direct result of the district's failure to implement the IEP, that conduct shall be determined to have been a manifestation of the child's disability. In such cases, the IEP team shall:

a. Review the functional behavioral assessment from 6(ii) above, or conduct a new functional behavioral assessment if warranted;
b. Review and revise the student's behavioral intervention plan to address the student's non-compliant behavior; and
c. Return the child to his or her prior placement, unless the parent agrees to a change in placement as a modification of the behavioral intervention plan.

6. Manifestation Not Found

Where the IEP team determines that the student's conduct was not a manifestation of the child's disability, the student shall be entitled to the due process protections afforded general education students for violations of the code of student conduct. If the student is removed for five or more school days, the building principal/designee shall notify the student's case manager and special education teacher, who shall determine the educational services that are sufficient to allow the student to progress appropriately in the general education curriculum and advance appropriately toward the student's IEP goals and objectives during the period of suspension.

Special Circumstances for Classified Students

The building principal may remove a student with a disability to an interim alternative educational setting for not more than 45 school days, without regard to the results of a manifestation determination, where a classified student:

A. Possesses a weapon on school grounds, on a school bus, or during a board-approved activity;
B. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance on school grounds, on a school bus, or during a board-approved activity; or
C. Has inflicted serious bodily injury upon another person on school grounds, on a school bus, or during a board-approved activity.
D. On the date of removal, the building principal shall notify the parents and the case manager in writing of the removal to an interim alternative educational setting for not more than 45 school days and of the procedural safeguards provided to the student in effectuating the removal.
E. Where a student with a disability is removed from his or her current educational placement due to special circumstances, the IEP team shall convene within five school days to determine the interim alternative educational setting. During the IEP meeting, the case manager/designee shall ensure that the parent is advised, in writing, of the right to appeal any decision regarding placement or the manifestation determination to the Commissioner of Education.

F. Where the IEP believes that maintaining a student with a disability in his or her current educational placement is not appropriate due to special circumstances, the IEP team shall conduct a functional behavioral assessment to determine the interim alternative educational setting. During the IEP meeting, the case manager/designee shall ensure that the parent is advised, in writing, of the right to appeal any decision regarding placement or the manifestation determination to the Commissioner of Education.

G. Where the IEP believes that maintaining a student with a disability in his or her current educational placement is not appropriate due to special circumstances, the IEP team shall conduct a functional behavioral assessment to determine the interim alternative educational setting. During the IEP meeting, the case manager/designee shall ensure that the parent is advised, in writing, of the right to appeal any decision regarding placement or the manifestation determination to the Commissioner of Education.
placement is substantially likely to result in injury to the student, or to others, the district may request a hearing before the Commissioner to change the child’s placement. In such cases, the director of special education shall consult with the building principal and superintendent in determining to seek a change in placement.

Procedures for Short-term Suspension (10 days or less)

The following procedures apply to all students in the general education program and to classified students when the CST has determined that the student’s misconduct was not a manifestation of his or her disability.

According to N.J.S.A. 18A:37-4, the building principal shall have the authority to suspend a student from his or her educational program. N.J.A.C. 6A:16-7.2 allows the building principal to delegate to an administrator, the informal hearing set forth in this regulation, however, any suspension may only be imposed by the building principal. All suspensions must be reported to the board of education at the first regular meeting following the suspension. The building principal, prior to imposing a suspension of 10 days or less, shall:

A. Provide an informal hearing before the suspension, conducted by the building principal/designee. The informal hearing shall include the following:

1. A description of behaviors alleged to warrant suspension, including verbal or written notice of the alleged violations of school rules and if those allegations are denied, an explanation of the underlying evidence. Notice of the allegations may be prior to or concurrent with the informal hearing;
2. A copy of the applicable provisions of the board approved code of student conduct. Those provisions must include, but are not limited to, the age-appropriate behavioral expectations, as well as disciplinary consequences that are graded according to the severity of the offense, developmental age of the student, and any prior disciplinary history;
3. An opportunity to respond to the allegations, including statements in defense, explanation, or mitigation;
4. During the informal hearing, the student is not entitled to representation through counsel, nor through a parent/guardian, nor is the student entitled to call or cross-examine witnesses. The administrator/designee conducting the informal hearing may exercise discretion with regard to speaking to witnesses and investigating the allegations. In all cases, any disciplinary recommendation must be based on objective factual determinations, even if those determinations are reasonably debatable, meaning that the administrator/designee’s factual determinations shall not be deemed invalid just because reasonable minds disagree. No disciplinary recommendation may be based in discrimination prohibited by state or federal statute or regulation.
5. Where a student’s conduct poses a continuing danger to persons or property or the student’s conduct presents an ongoing threat of disrupting the educational process, the building principal may remove the student immediately and convene the informal hearing as soon as practical thereafter.

B. The building principal/designee shall ensure that the informal hearing is conducted by a school administrator who has been trained in the conduct of student disciplinary hearings.

C. The building principal shall immediately notify the chief school administrator, in writing, of any suspension along with the reasons for the suspension and the terms and conditions imposed upon the student. The chief school administrator shall ensure that the suspension is reported to the board of education at the next regular meeting following the suspension.

F. The building principal/designee shall provide oral or written notification to the parents/guardians, of student’s suspension (adequate supervision shall be provided while the student awaits the parent/guardian). Such notice shall be provided to the students upon discharge of the student to the parent/guardian and shall include:

a) The specific charges;
SUSPENSION AND EXPULSION PROCEDURES (continued)

b) The facts on which the charges are based;
c) The provision(s) of the code of student conduct the student is accused of violating;
d) The student's due process rights, pursuant to N.J.A.C. 6A:16-7.1(c)3 and this section; and
e) The terms and conditions of the suspension.

E. The building principal/designee shall notify the student's teacher(s) in writing of the period of suspension and shall ensure that academic instruction consistent with the student's current coursework is provided on or before the fifth day of suspension.

F. At the completion of the suspension period, the student shall return to the program from which they were suspended. The student shall be responsible for turning in all assigned coursework upon his or her return.

G. The building principal/designee shall have discretion to convene a re-entry meeting to ensure that the student is prepared to return to his or her educational program. Where the building principal/designee has reason to believe that the student is not ready to return to the educational program, such belief and the reasons therefore shall be documented in the student's disciplinary file and the building principal/designee shall consider intervention and referral services (I&RS team).

H. The chief school administrator/designee shall document in writing the date of each of the above steps with a brief description recording the circumstances surrounding each step. Such documentation shall be maintained in the student's disciplinary file.

I. The chief school administrator/designee shall provide notice of each short-term suspension and the student's return to the board of education at the next regular meeting. The building principal/designee shall have discretion to reinstate the student prior to the completion of the short-term suspension.

J. Any student may appeal a short-term suspension from the general education program, based upon a removal for assault upon a teacher, administrator, board member, district employee, or another student, with a weapon, on school property, at a school function, or on a school bus, to the board of education. In all other cases involving removal from the general education program, an appeal may be filed before the Commissioner of Education pursuant to N.J.A.C. 6A:3-1.3 through 1.17. A student with a disability retains the due process protections contained in N.J.A.C. 6A:14.

(See: Exhibit 1 – Notification Letter for Short-term Suspension)

Procedures for Long-term Suspension (more than 10 days)

A. The chief school administrator shall ensure that the procedures for short term suspension as listed in short-term suspension above, in addition to the procedures in this section for long-term suspension, including documenting the steps taken, are followed for any student assigned a long term suspension. No suspension may extend past the second regular board meeting following the suspension except by board action. In the event that the first regular meeting following the student’s suspension is cancelled, the board shall consider continuing the student’s suspension at the subsequent regular meeting. If the second regular meeting subsequent to the suspension is cancelled, and the administration and/or board has not taken action with respect to the student’s suspension, the board shall schedule a special meeting as soon as practical to consider a continuation of the student’s suspension.

B. Parents/guardians shall receive written notification within 2 days of the suspension stating of the following:

1. The specific charges;
2. The facts on which charges are based;
3. The student’s rights to due process and a formal board hearing held within 30 days of the student’s removal; and
4. Notice that further conduct warranting expulsion shall amount to a knowing and voluntary waiver of the student’s right to a free public education, in the event that the board determines to expel the student;

The parent/guardian shall be requested to provide written acknowledgement of the notifications (see: Exhibit 2 Long-term Suspension notification).

C. Other information that shall be provided in writing at least five calendar days prior to the formal hearing:

1. The list of witnesses and their statements;
2. The manifestation determination, if applicable;
3. Notice of the right to have an attorney present and available legal resources in the community;
4. The right to educational services that are comparable to those provided in the student’s general education program;
5. The right to impartial officials – no official hearing the case can be involved in the incident;
6. The right to a translator.

Comparable educational services shall be provided to the student on or before the fifth day of suspension.

(See: Exhibit 2 – Notification Letter, covering notification of charges, facts, witnesses, expulsion, due process rights and request for written acknowledgement)

Procedures for Long-term Suspension – Board Responsibilities

A. The board shall conduct a formal hearing on or before the second regular board meeting following the student’s suspension. At this hearing, the board may reinstate the student, or affirm, continue, or modify the suspension.

B. The board may refer the hearing to a board student disciplinary committee, a school administrator, or an impartial hearing officer for the purpose of determining facts or making recommendations. Before taking final action, the full board shall receive and consider either a transcript of the hearing or a detailed report on the hearing.

1. Where the board determines to continue the suspension, such determination shall be based on the following criteria:
   a. The nature and severity of the offense;
   b. The board’s removal decision or administrative recommendation as appropriate;
   c. The results of relevant testing, assessments, or evaluations of the student; and
   d. The recommendation of the chief school administrator, after considering input from the principal or director of the alternative education program or home or other in-school or out-of-school instruction program in which the student has been placed.

2. In each instance where the board has determined to continue a suspension, at each subsequent meeting, the board shall consult with the chief school administrator to determine:
   a. The status of the student’s suspension;
   b. The appropriateness of the suspended student’s current educational program; and
   c. Whether the suspended student’s disciplinary placement should continue or whether the student should return to the general education program.

C. Where the student has not been reinstated pursuant to administrative or board action, the board shall approve an appropriate educational program for the student based on the following:

1. A behavioral evaluation, including referral to the child study team;
SUSPENSION AND EXPULSION PROCEDURES (continued)

2. Results of relevant testing and assessment;
3. Academic, health and behavioral records;
4. Chief school administrator and other relevant staff recommendations;

1. Present a defense/explain their side of the story;
2. Present witnesses;
3. Present signed statements by witnesses;
4. Face and question school witnesses on questions of fact. The board has no authority to determine the constitutionality of any statute.

E. After the conclusion of the hearing the board shall notify the parent in writing of the decision within 5 days. The board’s determination shall be based on a more likely than not standard, meaning that the board may find a fact to be true if its probability of occurrence is more likely than not. Notification shall include:

1. The charges considered;
2. Summary of all the evidence;
3. Factual findings for each charge;
4. Identification of educational services to be provided;
5. Terms and conditions of the long-term suspension;
6. Notice of the right to appeal to the commissioner of education within 90 days.

F. In establishing a long-term suspension the board shall consider:

2. The removal decision;
3. Test results;
4. Recommendation of the chief school administrator and other relevant staff.

G. The board shall have discretion to reinstate the student to his or her educational program prior to the expiration of the suspension period. If the board continues the suspension, it shall review the case at each board meeting following that determination. The review shall include:

1. The status of the suspension;
2. The educational services provided;
3. Whether services shall be continued, adjusted or the student returned to general education;
4. If expulsion should be considered.

H. When determining to continue a student’s suspension, the board shall make a final determination on:

1. When the student is prepared to return to the general education program;
2. Whether the student will remain in an alternative education program or receive home or other in- or out-of-school instruction, based on the board’s approval of the student’s educational program, the criteria set forth in (C)1 through 6 above; or

I. Appropriate educational services shall be provided to suspended students until the student graduates from high school or reaches the age of 20, whichever comes first.

Procedures for Expulsion
SUSPENSION AND EXPULSION PROCEDURES (continued)

A. Expulsion may only be considered:
   1. After a long-term suspension, including all due process rights;
   2. After the provision of appropriate educational services;

B. A formal hearing shall be provided by the board according to the procedures for notification and
   hearings detailed under long-term suspension.

C. The student shall be entitled to comparable educational services through the conclusion of any appeal
   to the commissioner of education.

Mandatory Removal from School

In compliance with law, serious behavioral infractions related to violence and weapons require that the
student be removed from the educational program. All procedures for short- and long-term suspension as
described in this procedure shall apply when a student’s removal from the educational program is required by
law. Serious and dangerous offenses requiring mandatory removal from school include:

A. Assault against board member or school personnel in the performance of their duties, or as a result of
   the individual’s relationship to a public school district;

B. Assault against board member, school personnel, or student with a weapon on school property,
   school bus or at a school function;

C. Gun possession on school property, on a school bus or at a school function;

DUE PROCESS for CONDUCT/DISCIPLINE INFRACTIONS

While the board believes that positive approaches to acceptable behavior are usually more effective, it is sometimes necessary to penalize pupils for violations of school regulations to ensure the good order of the school and to teach pupils the consequences of disruptive behavior. In all instances, students will be afforded Due Process Procedures.

Due Process Procedures for Student Discipline

Due Process must include written notice of the charges and a fair and impartial hearing as required. This can be provided upon request of the student or of the student’s parent(s)/guardian(s).

A. The school must give the student written notice of charges within a reasonable time before the hearing. This notice shall include:

1. A copy of the school policy allegedly violated;
2. The facts related to the alleged violation;
3. Information about any statements that the school has received relating to the charge and instructions on how to obtain copies of those statements; and
4. Information regarding any part of the student’s record that the school will consider in rendering a disciplinary decision.

B. The school principal must hold a fair and impartial hearing before imposing disciplinary action, except under the following circumstances:

1. If the Act requires immediate removal (such as, if the student brought a firearm or other weapon to school) or if there is some other statutory basis for removal;
2. In an emergency situation that seriously and immediately endangers the health or safety of the student or others or involves the destruction of property; or
3. If the student (or the student’s parent(s) or guardian(s) if the student is less than 18 years old) chooses to waive entitlement to a hearing.

C. In an emergency situation under paragraph B of this section, the school:

1. May temporarily remove the student;
2. Must immediately document for the record the facts giving rise to the emergency; and
