

**Electronic Devices, Cell Phones**

Students may be allowed to use cell phones and iPods during passing periods, and lunch. However the use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school sponsored event. Cell phones must be kept on silent mode throughout the day and must be out of sight before entering the classroom environment. If a phone is seen or heard in the classroom setting without teacher permission, the device along with its SIM card, may be confiscated. The use of video recording, audio recording, or image capturing by any means is strictly prohibited inside the school building. Cell phones are strictly prohibited when a student is attending ISS, DAEP, or Detention.

If you choose to bring any electronics to school, you are responsible for their safekeeping. They are extremely hard to locate if lost or stolen. We recommend that you keep the phone on you or locked in a locker. We also recommend you using the find my phone apps available on most smartphones.
