“Working Together as the district of choice.”

Ingleside I.S.D. has traditionally produced students who graduate with the skills, logic, and motivation that form the basis for highly successful careers as well as the making of solid citizenship and strong family life. Ingleside Independent School District is progressive and proactive in providing the teaching staff, training, curriculum, equipment, activities, and facilities that ensure academic growth and performance for all students.

DISTRICT GOALS

- ⇒ All campuses will be at or above state averages for EOC and STAAR assessments.
- ⇒ Ensure students are prepared for success in post-secondary education and/or careers upon graduation.
- ⇒ Improve communication with parents and community members to ensure equal partnership in the success of our children.
- ⇒ All campuses will maintain a safe and orderly environment that is conducive to learning.
- ⇒ Maintain and improve technology & facilities throughout the district.

SCHOOLS

Ingleside Primary School Pre-K to 1st Grade

First opened for the 2006-2007 school year, it is the district’s newest addition to elementary campuses. Covering 76,310 sq ft, this campus serves 475 students from Early Childhood to First Grade with a maximum student capacity of 750. In addition to a gym, library, cafeteria, and other activity rooms, Ingleside Primary boasts over 30 classrooms, each one equipped with a restroom.

Gilbert J. Mircovich Elementary Grades 2-4

Children walk down Technology Road or stroll down Resource Center Dr., two of the many educational “neighborhoods” of GJM. Where will an education take your child? At GJM the possibilities are endless. Innovatively designed to simulate a miniature “city”, each grade level cluster enables students to thrive and explore new possibilities as they learn life lessons in addition to their core curriculum. GJM opened in August 1998 and serves about 520 students.

Blaschke/Sheldon Elementary Grades 5-6

In 1987 the entire campus was totally renovated. In 1993, eleven new classrooms and an administrative office were constructed. The motto “Catch the Wave to Academic Excellence” reflects the dynamic learning environment on campus which inspires students and faculty alike to strive hard to reach their goals. The campus has a total of 40 classrooms, a gym, library, computer lab, and a cafeteria. It currently serves approximately 350 students.

Leon Taylor Junior High School Grades 7-8

Leon Taylor Junior High School was built in 1979 and has 26 classrooms, a gym, art room, library, and two computer labs. In 2007 a new cafeteria was completed that serves about 350 pupils. In recent years, the athletic programs have brought home district championships in football, volleyball, track, as well as in boys and girls basketball multiple times.

Ingleside High School Grades 9-12

The brand new high school was opened in March of 2019. A new gymnasium was opened in 1998. Facilities now include a total of 50 classrooms, two gyms, 2 band halls, a cafetorium with a one act play stage, a lecture hall, eight computer labs, 6 modernized science labs and a culinary arts center sporting the latest technology. The campus serves about 600 students in grades 9-12.

Administration Building

Completed in 2008 a new administration building adorns San Angelo Street and houses the district’s administrative staff. The entryway design contains elements that echo those of one of the original school campuses: Elizabeth Cook Elementary. In addition to staff offices, the building includes a large meeting / board room that seats over 50 people.

DISTRICT RATINGS SUMMARY

District Rating	B/87
<u>Campus Ratings</u>	
Ingleside High School	B/86
Leon Taylor Junior High	A/93
Blaschke/Sheldon Elementary	B/81
Gilbert J. Mircovich Elementary	D/61

INSTRUCTIONAL SERVICES

Ingleside I.S.D. strives to continuously improve on behalf of all students. Mutual understanding and respect characterize our comprehensive efforts to provide quality educational opportunities. The following services are available:

The Technology Department provides leadership for the school district in the planned implementation of new technologies as well as effective use of current technologies, support and repair services for the school district (including the student’s role as learner), and training for employees in the effective use of such technologies.

The Special Education Department provides oversight for all Ingleside school programs for students with disabilities as well as related services for the entire school population. The Individuals with Disabilities Education Act (IDEA) mandates a free and appropriate public education for all students with disabilities.

Title I is a federally funded program that serves educationally challenged students at all district schools (PK-12) in Ingleside I.S.D. Each campus uses creative and innovative methods to assist and meet the students’ needs in core subject areas.

The Staff Development Program provides training to all school personnel based on state requirements and teachers’ expressed needs, as well as needs perceived by the administration. They are held throughout the year and during the summer.

Additional programs:
Dyslexia & 504 Programs; Library & Media Services;

Full Day Pre-Kindergarten Program; State Compensatory Program; Tutorial Program; National School Breakfast and Lunch Program; Health Services and Health Education; Child Find; Accelerated Instruction Pre-AP, AP, Dual Credit; Music Education; Early Childhood Education.

CURRICULUM & INSTRUCTION

In order to instill excellence for all and involve students, families, and the community together, our instructional program and curriculum is committed to a belief that all children are entitled to an education tailored to their ability to learn. Ingleside I.S.D. offers the following:

Bilingual/English as a Second Language (ESL) Program assists students with limited English proficiency (LEP) in acquiring the English skills necessary to be successful in their mainstream classes.

The Gifted and Talented Program provides appropriate differentiated instructional services in the regular K-12 classroom by adapting the core curriculum for identified gifted students in the classroom.

The Career and Technology (CATE) Program offers effective career and technology education programs that prepare students for further education and eventual employment. It complements and enhances academic preparation by enabling students to apply academic principles to a variety of community and career situations.

Extracurricular activities run the full gamut for self-expression and development, which range from UIL spelling contests to debating competitions to dramatic performances, to band and choir competitions, to welding and instrumentation, as well as a wide selection of athletics choices for young men and women.

INGLESIDE INDEPENDENT SCHOOL DISTRICT

“Working together as the district of choice.”

www.inglesideisd.org

Ingleside ISD has approved transfers.

Parents must complete the application and provide: documentation for the entire year to date, attendance records, grades, state assessment scores, and conduct.
