

September 30, 2019

Dear Parent/Guardian,

Golden Valley Medical – Osceola is excited to announce a partnership with Lakeland R-III School District to provide an influenza vaccination clinic to the students and staff of our district.

Our providers and staff will be on-site at Lakeland Schools on Tuesday, October 15 to administer vaccines. In order for your child to receive the vaccination, please complete the attached consent form and include a copy of your insurance card. The consent form includes an option to indicate your preferred healthcare provider. Depending on your preference, the flu vaccine will be administered by that healthcare provider. If no preference is indicated, your child will be assigned to a healthcare provider.

If your child has Medicaid, no insurance, or your confirmation that your insurance policy does NOT cover vaccinations, the vaccination will be provided through Missouri’s Vaccines for Children program, at no charge. If your insurance covers vaccines, the insurance company will be billed.

It is necessary to know if the flu vaccine is covered by your insurance. If you are unsure, please contact your insurance company prior to returning the consent form. Most insurance plans cover flu vaccinations when administered by a healthcare provider. **It is necessary that we obtain a copy of your insurance card with your signed consent form. A copy of the card can be made at school or a copy can be sent with the signed consent form. Please sign and return the consent form to your school nurse by Wednesday, October 9.**

If you have questions, please contact Kara Colby at Golden Valley Medical – Osceola. Thank you for the opportunity to provide healthcare to your child -- we look forward to serving your family.

Sincerely,

Kara Colby
