Lee County School District

Report to the Public

**Dr. Zrano Bowles, Jr.
Superintendent**

Lee County School District

Four Priorities of the District

- Deep Engagement
- Grade-Level Work
- Strong Instruction
- High Expectations

Students need these four key resources
in their daily school experiences:

1

Consistent opportunities
to work on
**GRADE-APPROPRIATE
ASSIGNMENTS**

2

STRONG INSTRUCTION,
where students do
most of the thinking
in a lesson

3

DEEP ENGAGEMENT
in what they're
learning

4

Teachers who hold
HIGH EXPECTATIONS
for students and
believe they can
meet grade-level
standards

The Mission of the Lee County School District is to authentically **empower** students, teachers, and families in creating paths that honor the aspirations, talents, and needs of each student.

Facilities Update

Mr. Chad Davis, ADE
Facilities Management Update

Technology Update

Mr. Joseph Sykes
District Technology Coordinator Update

Instruction

What research based instructional practices will we use to teach?

District Plan of Support

District Priorities

- 1. Building leadership capacity and supporting teachers in improving classroom instruction**
- 2. Enhancing curriculum and staff development across the content areas of Math, Science, and Social Studies**
- 3. Increasing student growth and achievement in Literacy, Math, and Science**
- 4. Building and sustaining effective professional learning communities**

District Plan of Support

District Priorities

- 5. Fostering an environment of high expectations combined with focused interventions and support that will meet the needs of all learners.**
- 6. Attracting, developing, and retaining staff that will maintain and support a nurturing and safe learning experience for all.**
- 7. Developing and monitoring a system of support to enhance culturally responsive classrooms and work environments.**
- 8. Driving improvement efforts that will effectively engage staff, families, partners, and stakeholders to foster a shared responsibility for student achievement.**

District Plan of Support

Goals of the District

- 1. To increase the district's overall growth and achievement in reading, science, and math through a challenging and rigorous curriculum, and evidence-based instructional practices in every classroom by 2020.**
- 2. To provide strategic professional development and additional instructional and content support for K-12 staff in Reading Foundational Skills with 100% of staff completing the awareness (7-12) and proficiency (K-6) in the Science of Reading by 2020.**

District Plan of Support

Goals of the District

- 3. To increase student and teacher attendance by ensuring a safe, supportive, and collaborative culture with a focus on administrative support, instructional resources, and collaborative teaming by 2020.**
- 4. To establish a shared mission, vision, values, and goals through district and campus-level collaboration focused on building Professional Learning Communities, developing a shared knowledge, and increasing teacher and staff capacity.**
