

Woodstock Board of Education
Long Range Capital Planning Committee meeting
November 9, 2022
6:00PM
Superintendent's Conference Room

Members Present: Amy Vinal, Anthony Gronski, Daryl Manbeck
Viktor Toth, superintendent

Meeting called to order by Mr. Toth.

Chair nominations: Daryl Manbeck (Vinal/Gronski) passed

There has not been any meetings of this committee for two years so we will start with what was left for us. Will need to prioritize the needs of the school district for the budget and BOF.

Mr. Toth has met with selectmen and it is possible that WMS Athletic Field may be able to be addressed from monies from the American Rescue Act. The WES intercom and clocks issue may also be able to be covered in this way.

Our goal is to get some prices on the most important upgrades needed and to proceed with those if possible.

We will be meeting the Second Wednesday of each month.

Respectfully,

Amy Vinal

Meeting adjourned at 7:07PM
