

Marshall County Central Public Schools

Indoor Air Quality Notification

Marshall County Central Public Schools is proud to be taking a leadership role in providing a safe, comfortable, and productive environment for our students and staff so that we achieve our goal of educating our students. Our school will follow the Environmental Protection Agency guidance to improve our indoor air quality (IAQ) by preventing as many IAQ problems as possible and by quickly responding to any IAQ problems that may arise.

Good indoor air quality requires an ongoing commitment by everyone in our school because each of us daily makes decisions and performs activities that affect the quality of the air we breathe. Each room in every building will be evaluated for indoor air quality. Custodial staff and administrators will be trained on IAQ factors. Our IAQ Coordinator, Jeffrey Lund, will follow up on any IAQ problems you may have and may be contacted at 218-874-8530.
