

Marshall County Central Schools District #441 PESTICIDE APPLICATION NOTICE

District #441 personnel may apply pest control materials inside or on school grounds as needed. Pest control materials are registered by the U.S. Environmental Protection Agency (EPA) and are selected and applied according to label directions. The long-term health effects on children from the application of such pest control materials, or the class of materials to which they belong, may not be fully understood.

An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at each school office. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should such an application be deemed necessary on a day different from the days specified in the schedule.
