## **BOARD/SUPERINTENDENT RELATIONSHIP**

### **Policy**

The School Board establishes policy and governs through the policy it creates. The Superintendent manages all operations of the school system in accordance with School Board policies.

The Board recognizes and values the Superintendent's experience and expertise in instructional and administrative matters. The Superintendent recognizes and values the Board's experience in issues related to the Slate Valley Unified Union School District (Supervisory Union) and the Board's connections and responsibilities to the community it represents.

The Superintendent and the Board members respect the confidentiality of communication in both directions and work toward open communication and trust. The Superintendent works only for the Board as a whole, not for any individual member. Only decisions of the Board acting as a body are binding on the Superintendent.

Board members work directly with the Superintendent. When presented with citizen concerns, Board members refer them to appropriate levels of authority, in accordance with the district's policy on complaints.

The Board directs the Superintendent through written policies that prescribe the results the Board wants to achieve. The Board is realistic in setting expectations about what can be accomplished, given the school district's (/supervisory union's) available resources. The Superintendent is accountable to the Board for the performance of staff.
