

Note Home October 8-11

The change in the weather has been abrupt! The children are all working to get their on jackets and coats on by themselves. Please be sure your child has cold weather clothes labeled with their name or initials. We make every effort to get outside every day if at all possible.

In the theme of Homecoming, the children created mustang/football helmet patterns. They also made pompons by cutting paper. The pompons were waved during the parade. We created our own band with our musical instruments and marched around our classroom. Our stories this week were- Feathers for Lunch, Bucket Filling A-Z, Let it Fall, Peppa's windy Fall Day and Animals in the Fall.

The Bucket Filling book supports our social skills curriculum and our classroom social contract. We talk many times throughout our school day about making positive choices, helping each other and being a good friend.

Your child has had many important papers in their folder his week. They included picture forms, Title form, conference forms and an invitation to our Family Night.

Pictures will be taken on Wednesday, October 16. Orders will not be processed if the payment is not included in the envelope.

Our visit to the Care Center went well. The few children that were still a little apprehensive did great!

Stay warm this weekend!

Mrs. Miller

Listening to stories will help develop your child's attention span.

Next week-

Oct. 15- Visit from Fire Department

Oct. 16- Mrs. Miller at a training, Mrs. Gladson will sub for her.

Oct. 18- Trip to McGowen 1:30-2:30
