Parent Teacher Conferences

We sent home a survey to parents to find out more on what are things that parents want to talk about at Parent Teacher Conferences. We know that our time with parents is important to a student's academic success. Our hope is that this time will help parents understand more about their child academically and socially. Our staff looks forward to seeing parents and appreciates the partnership of the parent and teacher relationship.

Tricycle Farms partners with grocery stores to deliver recovered food to Washington.

Tri Cycle Farm has a vision to increase food security. They do this in 2 ways:

There is a working Farm in Fayetteville (1705 N. Garland Avenue) with the mission of "Growing Community through Soil."

They provide a service to grocery stores and the community by delivering food that would have been wasted to different organizations in need. *On Thursdays, Tri Cycle Farm partners with Whole Foods and delivers bounds of healthy, high-quality food to Washington Elementary.*

Washington Elementary School is establishing a Wildcat General Store. Families can first have lunch with their child at school, which gives them an invitation to the General Store. The "Store" is currently labeled and located in the teacher's lounge. It's unattended so, families can take what they need: nothing more, nothing less.

Come have lunch with your child on Thursdays and take home some food the Wildcat General Store
