Title I Parent and Family Engagement Policy

The Wynford Local School District is committed to the belief that all children can learn and acknowledges that parents share the school’s commitment to the educational success of their children.

We recognize that a child’s education is a responsibility shared by the school and family and agree that to effectively educate all students, the schools and parents must work as partners.

We define parent and family involvement as an ongoing process that assists parents and families to meet their basic obligation as their child’s first educator, promotes clear two-way dialogue between home and school, and supports parents as leaders and decision makers at all levels concerning the education of their children.

Families and school staff will jointly develop the Title I Parent Involvement Program. Appropriate offerings and practices are offered to enhance parent involvement activities and reflect the needs of the students and families. Our school’s parent program will provide a guideline for designing rewarding and beneficial experiences for students, families and staff.

The Wynford Local School District is committed to family involvement and engagement. Family involvement is an ongoing process that assists parents in working with their children at home and makes them feel part of the school community. We recognize the importance of families being the first educators their children will encounter. We will continue to promote two-way communication between home and school. Valuing the importance of the role of all parents, we will ask for their input as leaders and decision makers in our schools.
