## Naming of Facilities

The Board recognizes that the process for naming or renaming a school, school facility, or area of school property is a matter deserving thoughtful and serious attention. Ordinarily, a facility will not be named unless the current name has become obsolete or is deemed inappropriate because of the community it serves or the program it houses. Names of current members of the Board of Education or current staff members of Prairie School District RE-11J shall not be considered when naming or renaming a building or addition.

In order to ensure that facilities are named in a fair and uniform manner, the Board shall serve as the facilities naming committee.

If a building or facility name is formally recommended to the Board, the Board may give preliminary approval for consideration. If given, the Board shall then conduct a public hearing on the recommended name to gain community input with formal action to be taken by the Board at a later regularly scheduled meeting.
