

Breaking Down the Proposed Bond

What are a few of the District's goals for the bond program?

To address aging infrastructure

Our K-8 facilities are all approaching, or beyond, 50 years old. Many important components of our district's infrastructure are in need of major renovations or replacement.

To enrich student learning

Van Buren Public Schools strives to support students through their educational journey. With innovative, interactive programs and learning environments, our students would have new opportunities for engaging in how they learn.

To provide strong beginnings

The communities of Van Buren Public Schools have a critical need when it comes to early childhood education resources. The bond program would allow the district to construct a new Early Childhood Center which would be used by students and the community.

Planned Projects for Belleville High School

- Install bleachers for band at football field
- Upgrade technology infrastructure

How will this proposal affect my taxes?

The 2019 bond program is a **ZERO-TAX-RATE-INCREASE PROPOSAL!**

The bond would generate approximately **\$35 million dollars** and allow the district to fund needed infrastructure projects.

Market Value of Home	Additional Mills Levied Per Household
\$200,000	0.00 mills
\$300,000	0.00 mills
\$400,000	0.00 mills
