

TITLE I COMPARABILITY ASSURANCE

Name of LEA Niobrara Co. Sch. Dist. #1

This is for the 2019-2020 School Year.

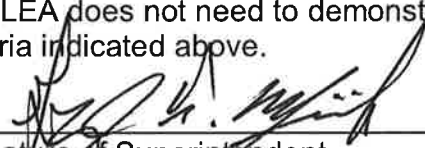

Title I law requires that LEAs provide educational services in Title I schools that are comparable to the services provided in non-Title I schools.

- An LEA may exclude schools with 100 or fewer students from its comparability determinations.
- An LEA **does not** need to demonstrate comparability if it **has only one building for each grade span**.
- An LEA is considered to have met the comparability requirement with the SEA by completing this written assurance form.

Your district can qualify for a Comparability Waiver if one of the statements below applies to your district. Please check which box applies to your district:

- Our district has only one building per grade span.
- All of the schools in our district have less than 100 students.
- Our district has only one building per grade span because our remaining schools have less than 100 students.

Our LEA does not need to demonstrate comparability because our district meets one of the criteria indicated above.

Signature of Superintendent

Niobrara Co. Sch. Dist. #1
District

6-25-19
Date

Our district has more than one building per grade span. Please complete the following and send in the district's Title I Comparability calculations. Please include the district name, Superintendent's signature, and date signed on the district calculations page that is sent in.

1. The district has established and implemented a district-wide salary schedule and files it annually with the WDE-602 form process.
2. The district has established and implemented a policy to ensure equivalence among its schools in teachers, administrators, and other staff. This policy can be either a School Board-adopted policy or a procedural policy.

What evidence does your district use to ensure this equivalence (ex.: using student/teacher ratios; district-wide maximum class sizes; policy numbers)? _____

3. The district has established and implemented a policy to ensure equivalence among its schools in the provision of curriculum materials and instructional supplies. This can be either a School Board-adopted policy or a procedural policy.

What evidence does your district use to support the policy (ex.: through the single audit; documenting per pupil expenditures)? _____

4. **The district must complete and send in a copy of the Title I Comparability calculations.** Please see the May 2006 USED Fiscal Issues Non-Regulatory Guidance for more information on these calculations.
