Applicant's Telephone and Facsimile Numbers: _____

Applicant's Email Address: _____

An official (self-proving-bearing original signature of officer and high school or college seal) transcript of Applicant's scholastic achievement for the three preceding years is attached to the Application-or-Applicant consents to issuance of Applicant's transcript to the Trustee for purposes of scholarship competition.

Names, addresses, telephone and facsimile numbers, and email addresses of three persons who will confirm that Applicant is a morally, mentally, and physically competent individual: _____

Applicant certifies that Applicant is not a director, committee member, or principal officer with governing powers over the Trustee, a substantial contributor to the Trust, or related to any of them by blood, business, or marriage.

Applicant has attached a disclosure of any conflict of interest that may exist.

Applicant has attached descriptions of other academic achievements and informal educational accomplishments.

As soon as feasible after all Applications are received, the Trustee will select the scholarship recipient from among the Applicants. During the selection process, the Trustee's staff may interview some or all of the Applicants, if the Trustee believes that would aid selection. Selection will be based primarily on academic achievement. Where academic achievement alone produces no clear winner or the winner based on academic achievement has little or no financial need for the scholarship award, the Trustee will consider demonstrated concern for others, academic promise, financial need, and informal educational accomplishments in making the selection.

Upon selection, the Trustee will notify the recipient and the recipient's qualified educational institution of the award. A qualified educational institution is one that normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on. The Trustee will arrange to apply the scholarship grant to the recipient's tuition account with the recipient's qualified educational institution in as many installments as possible without additional charge and will inform the educational institution of the criteria the recipient must meet for installments of the grant to continue to be paid.

To retain the scholarship grant for up to four years and prevent it from becoming null and void the recipient must: be graduated from high school; choose and attend a qualified educational institution, that is, one that normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on; be enrolled as a degree candidate at the educational institution; enter and remain in a program leading to a degree; attend the educational institution for consecutive years without withdrawing or being expelled; maintain a grade point average of 2.5 on a scale where 4.0 is the highest grade point average, or equivalent academic achievement under the grading system of the institution attended; and not intentionally engage in any conduct that violates the Golden Rule or is harmful to the Trust.

Please be sure to attach Applicant's official (self-proving—bearing original signature of officer and high school or college seal) transcript for at least the three preceding years, descriptions of other academic achievements, financial need, and informal educational accomplishments, and any other information that shows Applicant in a true and favorable light.
