District Student Photo and Video Recording Policy

Exhibit – Using a Photograph or Video Recording of a Student

Pictures of Unnamed Students

Students may occasionally appear in photographs and video recordings taken by school staff members, other students, or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the student, in various publications, including the school yearbook, school newspaper and school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Pictures of Named Students

Sometimes the school may want to identify a student in a school picture. For example, school officials want to acknowledge those students who participate in a school activity or deserve special recognition.

In order for the school to publish a picture with a student identified by name, one of the student's parents or guardians must sign the consent below. Please complete and sign this form to allow the school to publish and otherwise use photographs and video recordings, with your child identified, while he or she is enrolled in this school.

Pictures of Taken By Non-School Agencies

While the school limits access to school buildings by outside photographers, it has no control over news media or other entities that may publish a picture of a names or unnamed student. School staff members will not, however, identify a student for an outside photographer.
