

**INDIAN TRIBAL INVOLVEMENT**

The following policy relates to tribal and parental involvement in the education of children residing on Indian lands within this school district and is hereby approved by the Valliant Board of Education.

1. Indian children participate in school programs on an equal basis with all other children attending school in the district. No teacher or program director is to exclude or limit participating in any district activity on the basis of race.
2. All pertinent program plans, application, and evaluations will be disseminated through the local newspaper and radio.
3. By scheduling through the superintendent's office a place on the agenda of any open meeting of the Valliant Board of Education, a tribe, or their designee, parent or groups of parents concerned with the educational opportunity of any student or groups of students in the Valliant Public School District may;
  - Present views regarding applications
  - Make recommendations concerning the needs of their children
  - Provide input into the planning and development of the educational program of the district
  - Present views of the educational program and its operation
4. At least annually, a public hearing will be held at which parents of Indian children and/or tribe official may discuss current status of school programs and desired directions of future development for board consideration.
5. This policy shall remain in effect until rescinded by the board.
