

Barrington Public Schools

Empowering All Students to Excel

Dear Barrington Learning Community,

The District would like to share with you our [2018-2019 District Report](#), highlighting achievements and assessment results for all of our schools. At the time of publication of the [2018-2019 District Report](#), the school state assessment results were not available.

Barrington Public Schools is now able to present to you the newly released 2018-2019 high school state assessment results. We congratulate our students and the Barrington educators who contributed to their achievement. As a result of their hard work and dedication, students received top results on State and National assessments. I also thank our community for continuing to supporting our District with the resources we need to provide our students with a world-class education.

We have recently received the following assessment results:

- School Day SAT results for all juniors who took the SAT in the spring;
- 2019 SAT results for all juniors and seniors who took the SAT throughout the 2018-2019 school year;
- and the 2019 AP Scores.

In summary, our results are as follows.

2019 SAT Results - 99% of the Seniors at BHS Participated

	BHS	RI	National
Evidenced-Based			
Reading & Writing	610	503	531
Math	623	492	528

Barrington Public Schools

Empowering All Students to Excel
