INDEPENDENT AUDITORS' REPORT

To the Board of Education Washington Grade School District No. 52 Washington, Illinois

Opinion

We have audited the accompanying financial statements of Washington Grade School District No. 52 which are comprised of the Statement of Assets and Liabilities Arising from Cash Transactions as of June 30, 2022, and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), the Statement of Revenues Received (All Funds), and the Statements of Expenditures Disbursed - Budget to Actual (All Funds) for the year then ended and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Washington Grade School District No. 52, as of June 30, 2022, and its revenue received and expenditures disbursed, and budgetary results for the fiscal year then ended, on the basis of the financial reporting provisions of the Illinois State Board of Education as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Washington Grade School District No. 52, as of June 30, 2022, the changes in its financial position, or, where applicable, its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Washington Grade School District No. 52, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Washington Grade School District No. 52, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- •Exercise professional judgment and maintain professional skepticism throughout the audit.
- •Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- •Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Washington Grade School District No. 52's internal control. Accordingly, no such opinion is expressed.
- •Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- •Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Washington Grade School District No. 52's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Washington Grade School District No. 52's basic financial statements. The auditor's questionnaire, comments applicable to the auditor's questionnaire, financial profile information, estimated financial profile summary, supplementary schedules, statistical section, report on shared services or outsourcing, administrative cost worksheet, itemization schedule, reference page, deficit reduction calculation, and audit checklist/balancing schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The CARES CRRSA ARP schedule, schedule of capital outlay and depreciation and itemization schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the CARES CRRSA ARP Schedule, schedule of capital outlay and depreciation, and itemization schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The auditor's questionnaire, comments applicable to the auditor's questionnaire, financial profile information, estimated financial profile summary, supplementary schedules (except for the CARES CRRSA ARP schedule), statistical section (except for the schedule of capital outlay and deprecation), report on shared services or outsourcing, administrative cost worksheet, reference page, deficit reduction calculation, and audit checklist/balancing schedule have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The answers to questions 1 through 23 contained in the "Auditor's Questionnaire" on page 2 are based sole on the procedures performed and data obtained during the audit of the basic financial statements of the district as of and for the year ended June 30, 2022.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2022, on our consideration of Washington Grade School District No. 52's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and

not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Washington Grade School District No. 52's internal control over financial reporting and compliance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Washington Grade School District No. 52 Washington, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Washington Grade School District No. 52 as of and for the year ended June 30, 2022, and the related notes to the financial statements, and have issued our report thereon dated November 10, 2022. Our opinion was adverse because the financial statements are not prepared in accordance with U.S. generally accepted accounting principles. However, the financial statements were found to be fairly stated, on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Washington Grade School District No. 52's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Washington Grade School District No. 52's internal control. Accordingly, we do not express an opinion on the effectiveness of Washington Grade School District No. 52's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the school district's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Washington Grade School District No. 52's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Under Reports, open the FY 2022 Special Education Funding Allocation Calculation Details and the FY 2022 English Learner Education Funding Allocation Calculation Details. Use the respective Excel file to locate the amount in column X for the Special Education Contribution and column V for the English Learner Contribution for the selected school district. *Please enter "0" if the district does not have allocations for lines* 192 and 193.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

- 1. The contract must be coded to one of the combinations listed on the icon below.
- 2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
- 3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

Indirect Cost Rate Plan

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2024.

Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	Fnter Contracted Company Name	Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) (Column D)	Contract Amount Applied to the Indirect Cost Rate Base (Column E)	Contract Amount deducted from the Indirect Cost Rate Base (Column F)
Enter as shown here: ED-Instruction-Other	10-1000-600	Company Name	500,000	25,000	475,000
TR - Pupil Transportation Services - Purchased Services	40-2550-300	ALLEN TRANSPORTATION SERV	157,395	25,000	132,395
ED - Food Services - Purchased Services	10-2560-300	ARAMARK EDUCATION SERV	295,499	25,000	270,499

ED - Support Services - Pupils - Purchased Services	10-2100-300	OSF HEALTHCARE	37,242	25,000	12,242
Total			580,897		455,897

ESTIMATED INDIRECT COST RATE DATA

SECTION I

Financial Data To Assist Indirect Cost Rate Determination

(Source document for the computation of the Indirect Cost Rate is found in the "Expenditures" tab.)

ALL OBJECTS EXCLUDE CAPITAL OUTLAY. With the exception of line 11, enter the disbursements/expenditures included within the following functions charged directly to and reimbursed from federal grant programs.

Also, include all amounts paid to or for other employees within each function that work with specific federal grant programs in the same capacity as those charged to and reimbursed from the same federal grant programs. For example, if a district received funding for a Title I clerk, all other salaries for Title I clerks performing like duties in that function must be included. Include any benefits and/or purchased services paid on or to persons whose salaries are classified as direct costs in the function listed.

Support Services - Direct Costs (1-2000) and (5-2000)	
Direction of Business Support Services (1-2510) and (5-2510)	
Fiscal Services (1-2520) and (5-2520)	
Operation and Maintenance of Plant Services (1, 2, and 5-2540)	
Food Services (1-2560) Must be less than (P16, Col E-F, L65)	296,155
Value of Commodities Received for Fiscal Year 2022 (Include the value of commodities when determining if a Single Audit is	
required).	21,004
Internal Services (1-2570) and (5-2570)	
Staff Services (1-2640) and (5-2640)	
Data Processing Services (1-2660) and (5-2660)

The district is ranked by ISBE in the lowest 25th percentile of like districts in administrative expenditures per student (4th quartile) and will waive the limitation by board action, subsequent to a public hearing. The district is unable to waive the limitation by board action and will be requesting a waiver from the General Assembly pursuant to the procedures in Chapter 105 ILCS 5/2-3.25g. Waiver applications must be postmarked by August 15, 2022, to ensure inclusion in the fall 2022 report or postmarked by January 15, 2023, to ensure inclusion in the spring 2023 report. Information on the waiver process can be found at the waiver's webpage below. https://www.isbe.net/Pages/Waivers.aspx The district will amend their budget to become in compliance with the limitation.

WASHINGTON GRADE SCHOOL DISTRICT NO. 52 TAZEWELL COUNTY, ILLINOIS NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Washington Grade School District No. 52 follows the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide. The following is a summary of the significant accounting policies.

A. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

Component Units

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service and special financing relationships criteria and are, therefore, excluded from the accompanying financial statements because the District does not control the assets, operations or management of the joint agreements. In addition, the District is not aware of any entity that would exercise such oversight as to result in the District being considered a component unit of the entity.

B. Basis of Presentation – Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received and expenditures disbursed. The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

Governmental Funds

Governmental Funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund and the Operations and Maintenance Fund are the general operating funds of the District. They are used to account for all financial resources except those required to be accounted for in other funds. Lease and Special Education tax levies are included in these funds. Activity Funds are used to account for assets held by the District on behalf of the beneficiaries that the District also has administrative or direct financial involvement. These assets are reported in the District's General Fund.

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

The Transportation Fund and the Illinois Municipal Retirement/Social Security Fund are used to account for cash received from specific sources (other than those accounted for in the Debt Service Fund, Capital Projects Fund, or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Tort Fund accounts for financial resources held by the District to be used for tort immunity and tort judgment purposes.

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Fire Prevention and Safety Fund and Capital Projects Fund are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Trust Funds).

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

The District has fiduciary responsibility for these funds but does not have any control over funds and do not involve the measurement of results of operations.

Governmental and Expendable Trust Funds – Measurement and Focus

The financial statements of all Governmental Funds and Expendable Trust Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund

operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets and General Long-Term Debt Account Group

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

The District does not maintain a formal capitalization policy, but does follow the applicable grant guidelines.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$488,826 which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$7,376,877. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

The estimated useful lives are as follows:

Depreciable Land	50 years
Buildings	
Permanent	50 years
Temporary	20 years
Infrastructure Improvements other than Building	20 years
Capitalized Equipment	3-10 years

Long term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

C. Basis of Accounting

Basis of accounting refers to when revenue received and expenditures disbursed are recognized in the accounts and how they are reported in the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting, under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from the sale of bonds, and long-term notes, when applicable, are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

D. Budgets and Budgetary Accounting

The budget for all governmental fund types and the expendable trust fund is prepared on the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. The budget was adopted on September 13, 2021, and amended June 13, 2022.

For each fund, total fund expenditures may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- 1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget by the same procedures required of its original adoption.

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and interest-bearing demand deposits, and time deposit (savings) accounts. Cash equivalents include amounts in time deposits, and other investments, with original maturities of less than 90 days.

F. Investments

Investments are stated at cost or amortized cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, and time deposits constituting direct obligations of banks insured by FDIC and savings and loan

associations insured by FSLIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, The Public Treasurer's Investment Pool, as well as all interest-bearing obligations of the State of Illinois.

G. Inventories

Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

H. Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "interfund receivables/payables." Amounts owed as a result of goods sold or services rendered are referred to as "due to/from." Amounts owed as a result of a loan are referred to as "loan to/from."

I. Subsequent Events

The District has evaluated subsequent events through November 10, 2022, the date which the financial statements were available to be issued.

NOTE 2. DEPOSITS AND INVESTMENTS

Custodial Credit Risk Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned. All amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by: (1) securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch, (2) mortgages, (3) letters of credit issued by a Federal Home Loan Bank, or (4) loans covered by a State Guaranty under the Illinois Farm Development Act. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

At June 30, 2022, the carrying amount of the Districts deposits with financial institutions, which includes demand deposits and savings accounts, was \$3,049,226. The bank balance was \$3,103,373. As of June 30, 2022, the District's bank balances were exposed to custodial credit risk as follows (carrying amounts are presented as additional information only):

	Carrying	Bank
	Amount	Balance
Risk Class #1	\$3,049,226	\$3,103,373
Risk Class #2	-	-
Risk Class #3	-	-
Risk Class #4	-	-

Risk Class #1 includes deposits that are insured or are collateralized with securities held by an independent financial institution.

Risk Class #2 includes deposits that are uninsured and collateralized with securities held by the pledging financial institution.

Risk Class #3 includes deposit that are uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

Risk Class #4 includes deposits that are uninsured and uncollateralized.

During the year ended June 30, 2022, the District's deposits were insured by a Cash Sweep account and the FDIC.

Custodial Credit Risk of Investments

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. At year end, none of the District's investments were subject to custodial credit risk due to one of the following:

- Investments were part of an insured pool
- Investments were book-entry only in the name of the District and were fully insured.
- Investments were part of a mutual fund
- Investments were held by an agent in the District's name

Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. Disclosures are required for any issuer that represents 5% or more of total investments, exclusive of mutual funds, external investment pools and investments issued or guaranteed by the U.S. government. The District's investment policy places no limit on the amount the District may invest in any one issuer. The District investments were 100% invested in the Illinois School District Liquid Asset Fund Plus.

ISDLAF+ (Investment Pool)

During the year ended June 30, 2022, the District maintained an account with the Illinois School District Liquid Asset Fund Plus (also known as ISDLAF+). ISDLAF+ is an external investment pool created in cooperation by the Illinois Association of School Boards, the Illinois Association of School Business Officials and the Illinois Association of School Administrators. Its primary purposes is to provide School Districts, Community College Districts and Educational Service Regions with an alternative investment vehicle which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The Multi-Class Series invests in money market instruments having a maximum remaining maturity of one year (except that U.S. government obligations may have remaining maturities of up to two years). It has earned an AAA rating from Standard & Poor's ("S&P"). The Multi-Class Series consists of two classes of shares: the Liquid Class and the MAX Class. The Liquid Class offers check writing privileges, while the MAX Class does not.

ISDLAF+ also provides a Fixed Income Investment Program that allows investors to purchase investment instruments including certificates of deposit of banks and thrift institutions ("CDs"), commercial paper and bankers' acceptances. CDs purchased under this program are fully FDIC insured and have been classified as deposits for financial statement purposes.

At June 30, 2022 the District has \$4,261,342 invested with the Illinois School District Liquid Asset Fund Plus.

Foreign Currency Risk

Foreign currency risk is the risk that an investment denominated in the currency of a foreign country could reduce its U.S. dollar value as a result for changes in foreign currency exchange rates. The District had no foreign currency risk as of June 30, 2022.

Reconciliation

A reconciliation of cash and investments as shown on the combined balance sheet follows:

Petty Cash	\$	110
Carrying Amount of Deposits		3,049,226
Carrying Amount of Investments	-	4,261,342
	\$	7,310,678
Cash and Cash Equivalents	\$	3,049,336
Investments		4,261,342
	\$	7,310,678

NOTE 3. PROPERTY TAXES

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on July 1 and September 1. The District receives significant distribution of tax receipts approximately one month after these due dates. The tax levy for collections received in fiscal year end June 30, 2022 was passed December 14, 2020.

The following are the tax rate applicable to the various levies per \$100 of assessed valuation.

		Actual		
Tazewell	Limit	2021 Levy	2020 Levy	
Assessed Valuation		\$ 156,511,403	\$ 155,315,603	
Education	None	2.07500	2.06624	
Operations and Maintenance	.5500	.18594	.16707	
Bond and Interest	None	.29269	.28514	
Transportation	None	.22344	.22328	
IMRF	None	.03224	.03141	
Social Security	None	.09359	.09421	
Working Cash	.0500	.00373	.00315	
Tort Immunity	None	.02418	.02451	
Special Education	.0400	.02108	.02137	
Fire Prevention	.1000	.01922	.01885	
Facilities Leasing	.1000	.00156	.00152	
		2.97267	2.93675	

The District is limited under the School Code to aggregate indebtedness of 6.9% of assessed valuation.

NOTE 4. FUND BALANCE REPORTING

According to Government Auditing Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually obligated to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the district all such items are expensed at the time of purchase, so there is nothing to report for this classification.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. At June 30, 2022, beginning restricted balances plus expenditures disbursed exceeded revenue received, resulting in no restricted balances.

3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational and Operations and Maintenance Funds. At June 30, 2022, expenditures disbursed exceeded revenue received from state grants in the Educational Fund, resulting in no restricted balances. At June 30, 2022, beginning restricted balances plus expenditures disbursed exceeded revenue received, resulting in no restricted balances.

4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. At June 30, 2022, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balances.

5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. At June 30, 2022, restricted revenue received exceeded expenditures disbursed, resulting in a restricted balance of \$65,237. This balance is included in the financial statements as reserved in the Municipal Retirement/Social Security Fund.

6. Bond Proceeds

Proceeds from bonds issued have been included in the Working Cash Fund and payments have been included in the Debt Services Fund. At June 30, 2022, expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

7. Donations

Cash received from donations and the related cash disbursements have been included in the Educational Fund. At June 30, 2022, expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2022, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2022, amounted to \$494,039. This amount is shown as Unreserved in the Educational Fund.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational, Operation and Maintenance, and Working Cash Funds.

F. Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

G. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

	Regulate	ory Basis					
		Financial	Financial				
Fund	Nonspendable	Restricted	Committed	Assigned	Unassigned	Statements	Statements-
						- Reserved	Unreserved
Educational	\$ -	\$ 15,180	\$ 494,039	\$ -	\$ 2,961,686	\$ 15,180	\$ 3,455,725
Operations &							
Maintenance	-	-	-	-	1,051,295	-	1,051,295
Debt Service	-	51,070	-	-	-	-	51,070
Transportation	-	953,820	-	-	-	-	953,820
Municipal							
Retirement	-	298,695	-	-	-	65,237	233,458
Capital Outlay	-	8,021	-	-	-	-	8,021
Working Cash	-	-	-	-	1,167,613	-	1,167,613
Tort Liability	-	27,442	-	-	-	-	27,442
Fire							
Prevention							
and Safety	-	256,501	-	-	_	-	256,501

The restricted amount of \$15,180 in the Educational Fund relates to Activity Funds the District has control over.

H. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

NOTE 5. GENERAL FIXED ASSETS ACCOUNT GROUP

A summary of changes in general fixed assets follows:

	Balance ly 1, 2021	A	Additions	Deletions			Balance June 30, 2022		
Land	\$ 676,588	\$	-	\$	-	\$	676,588		
Buildings and									
improvements	14,968,781		-		-		14,968,781		
Land improvements	233,017		78,981		-		311,998		
Equipment	1,584,390		253,340		215,108		1,622,622		
	\$ 17,462,776	\$	332,321	\$	215,108	\$	17,579,989		

NOTE 6. CHANGES IN GENERAL LONG TERM DEBT ACCOUNT GROUP

The changes in the District's general long term debt for the year ended June 30, 2022 are as follows:

	Īn	Balance ly 1, 2021		Additions	D	eductions	In	Balance ne 30, 2022
	Ju	July 1, 2021		Additions	Reductions		June 30, 2022	
Bonds:								
2013A Limited Bonds	\$	1,365,000	\$	-	\$	225,000	\$	1,140,000
2013B Refunding Bonds		1,170,000		-		100,000		1,070,000
2017 Limited Bonds		50,000		-		50,000		-
2021 Limited Bonds		-		250,000		-		250,000
Bus leases		117,583		-		68,690		48,893
	\$	2,702,583	\$	250,000	\$	443,690	\$	2,508,893

Debt retirement for the outstanding bond issue is as follows:

	De	bt re	tirement fo	r bo	nds is as f	ollo	ows:							
	Limited Bond Series 2013A issued April 2013						Refunding Bonds 2013B issued April 2013					il 2013		
Fiscal	%							%						
Year	Rate	P	rincipal	I	nterest		Total	Rate		Principal]	Interest		Total
	• • •			_		_			_				_

On July 6, 2021, the District issued \$250,000 in General Obligation Limited School Bonds, Series 2021 dated July 6, 2021 with interest rates of 2.27%. The net proceeds of \$259,555 were used to pay off the Series 2017 bonds, and increase the District's Working Cash Fund.

A. Capitalized Leases

1. Transportation Leases

The District has entered into capital lease agreements for buses. The leases have terms of five years and include cancellation options during the term of the lease. The cost of capitalized equipment lease is \$313,123 and related accumulated depreciation of \$234,290. The future minimum lease payments are as follows:

Fiscal Year	Principal	Interest	Total		
2023	\$ 48,893	\$ 7,059	\$ 55,952		

The capital leases and loans are reported as other long-term debt in the General Long-Term Debt Account Group. Repayments on the Transportation leases are accounted for in the Transportation Fund.

Legal Debt Limit

Section 5/19-1 of the Illinois School Code limits the amount of qualify debt of the District to 6.9% of the latest equalized assessed value.

The estimated legal debt margin of the District at June 30, 2022, was calculated as follows:

Legal Debt Limit	\$ 10,799,287
Less Qualifying Debt	2,508,893
Legal Debt Margin	\$ 8,290,394

NOTE 7. RETIREMENT PLANS

The School District participates in three retirement systems: the Teachers' Retirement System of the State of Illinois (TRS), the Illinois Municipal Retirement Fund (IMRF) and Social Security. The aggregate employer pension expense recognized on a cash basis for the year ended June 30, 2022, was \$278,375.

Teachers' Retirement System of the State of Illinois

Plan description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at https://www.trsil.org/financial/cafrs/fy2020; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different than Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2021, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2022, state of Illinois contributions recognized by the District were based on the state's proportionate share of the pension expense associated with the employer, and the employer recognized revenue and expenditures of \$1,968,023 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2022, were \$24,144 and are deferred because they were paid after the June 30, 2021 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2022, the employer pension contribution was 10.31 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2022, salaries totaling \$164,374 were paid from federal and special trust funds that required employer contributions of \$16,947. These contributions are deferred because they were paid after the June 30, 2021 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2022, the employer paid nothing to TRS for employer contributions due on salary increases in excess of 6 percent and nothing for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The District follows the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide, the liability is not recognized on the financial statements.

The state's support and total are for disclosure purposes only. The amount disclosed by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District follows below:

District's proportionate share of the net pension liability	\$	327,382
State's proportionate share of the net pension liability		
associated with the District	-	27,438,083
Total	\$	27,765,465

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 and rolled forward to June 30, 2021. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2021, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2021, the District's proportion was 0.000420 percent, which was an increase of 0.000021 from its proportion measured as of June 30, 2020.

If the District were on the accrual basis of accounting at June 30, 2022, the District would have recognized pension expense and revenue of \$1,968,023 for support provided by the state. At June 30, 2022, the District would have reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		eferred Inflows of Resources
Differences between expected and actual experience Net differences between projected and actual	\$ 1,878	\$	1,350
earnings on pension plan investments	-		21,960
Changes of assumptions	145		1,618
Changes in proportion and differences between District			
contributions and proportionate share of contributions	1,395		62,072
	3,418		87,000
District contributions subsequent to measurement date	 41,091		
Total	\$ 44,509	\$	87,000

\$41,090 would have been reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date would be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions would be

recognized in pension expense as follows in these reporting years:

Year ended June 30

2023	\$ (39,980)
2024	(23,777)
2025	(10,465)
2026	(9,305)
2027	(55)

Actuarial assumptions

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25 percent

Salary increases Varies by amount of service credit

Investment rate of return 7.00 percent, net of pension plan investment expense, including inflation

In the June 30, 2021 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2020 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2017.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
TIG 21 1	16.70/	C 20/
U.S. equities large cap	16.7%	6.2%
U.S equities small/mid cap	2.2	7.4
International equities developed	10.6	6.9
Emerging market equities	4.5	9.2
U.S bonds core	3.0	1.6
Cash equivalents	2.0	0.1
TIPS	1.0	0.8
International debt developed	1.0	0.4
Emerging international debt	4.0	4.4
Real estate	16.0	5.8
Private debt	10.0	6.5
Hedge funds	10.0	3.9
Private equity	15.0	10.4
Infrastructure	4.0	6.3
Total	100.0%	
	460	

Discount rate

At June 30, 2021, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2020 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2021 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the employer's proportionate share of the net pension liability to changes in the discount rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

	1	% Decrease (6.00%)	Ι	Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate				,	
share of the net pension					
liability	\$	405,456	\$	327,382	\$ 262,531

TRS fiduciary net position

Detailed information about TRS's fiduciary net position as of June 30, 2021 is available in the separately issued TRS Comprehensive Annual Financial Report.

Illinois Municipal Retirement Fund

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provide

The District's IMRF members participate in the Regular Plan (RP). Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2021, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	40
Inactive Plan Members entitled to but not yet receiving benefits	61
Active Plan Members	41
Total	142

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires the District to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2021 was 9.23%. For the fiscal year ended 2022, the District contributed \$92,490 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The District's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Since the District follows the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide, the liability is not recognized on the financial statements.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2021:

- The Actuarial Cost Method used was Entry Age Normal.
- The **Asset Valuation Method** used was 5 year smoothed Market Value; 20% corridor.
- The **Inflation Rate** was assumed to be 2.25%.
- Salary Increases were expected to be 3.35% to 14.25%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2020 valuation according to an experience study from years 2017 to 2019.
- The IMRF-specific rates for Mortality used fully generational projection scale MP-2017 (base year 2015).
 - oFor **Non-disabled retirees** were developed from the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020.
 - oFor **Disabled Retirees**, the Pub-2010 Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
 - oFor **Active Members**, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- •The **long-term** expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2021:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Equities	39%	1.90%
International Equities	15%	3.15%
Fixed Income	25%	(0.60%)
Real Estate	10%	3.30%
Alternative Investments	10%	1.70-5.50%
Cash Equivalents	1%	(0.90%)
Total	100%	
		i e

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2021. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 1.84%, and the resulting single discount rate is 7.25%.

Changes in the Net Pension Liability

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1% Decrease (6.25%)	Current Discount (7.25%)	1% Higher (8.25%)	
Net Pension Liability/(Asset)	\$ 36,351	\$ (402,121)	\$ (757,596)	

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

If the District were on the accrual basis of accounting at June 30, 2022, the District would have recognized pension income of \$155,314. If the District was on the accrual basis of accounting at June 30, 2022, the District would have reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

Deferred Amounts Related to Pensions	Deferred Outflows of Resources	Deferred Inflows of Resources
Deferred Amounts to be Recognized in Pension Expense in Future Periods Differences between expected and actual experience		\$ 37,687
Changes of assumptions	-	10,160
Net difference between projected and actual earnings on pension plan investments	80,701	594,618
Total deferred amounts to be recognized in pension expense in future periods	151,322	642,465
Pension contributions made subsequent to the measurement date	41,928	
Total Deferred Amounts Related to Pensions	\$ 193,250	\$ 642,465

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year Ending	Net Deferred			
December 31		of Resources		
2022	\$	(122,503)		
2023		(165,218)		
2024		(128,011)		
2025		(75,411)		
Total	\$	(491,143)		

Social Security

Employees not qualifying for coverage under the Teachers' Retirement System are covered under Social Security. The District paid \$144,794 of social security contributions for the year ended June 30, 2022.

NOTE 8. OTHER POST-EMPLOYMENT BENEFITS

The District participates in two Post Employment benefit plans other than pensions. The two plans are the Teachers' Health Insurance Security (THIS) Fund and their own health insurance plan. All IMRF employers are required to allow retirees to continue on their health plans.

Teacher Health Insurance Security Fund

Plan description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provision of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

On behalf contributions to THIS. The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to cover the actuarial costs to the THIS Fund that are not covered by contributions from active members which were 0.90 percent of pay during the year ended June 30, 2022. State of Illinois contributions were \$37,464, and the District recognized revenue and expenditures of this amount during the year.

Employer contributions. The District also makes contributions to the THIS fund. The District THIS fund contribution was 0.67 percent during the year ended June 30, 2022. For the year ended June 30, 2022, the District paid \$27,890 to the THIS Fund, which was 100 percent of the required contribution.

Further Information on THIS Fund

The publicly available financial report of the THIS Fund may be obtained on the website of the Illinois Auditor General: https://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp.

Post-Retirement Health Care Plan

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's health insurance plan. The retirees are responsible for the entire premium payment to secure coverage. The District finances the plan on a pay-as you-go basis. The Unfunded Actuarial Liability has not been determined as of June 30, 2022.

NOTE 9. RISK MANAGEMENT – CLAIMS AND JUDGMENTS

The District is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and other natural disasters.

The District is self-insured for purposes of unemployment insurance. The District is liable to the State of Illinois for any payments made to any of its former employees claiming benefits. Unemployment insurance is recorded as an expense in the year paid. At June 30, 2022, the District estimates there is no significant liability for unpaid unemployment insurance claims.

The District carries commercial insurance for all other risks of loss, including workers' compensation and liability insurance. The amount of settlements has not exceeded insurance coverage in each of the past three years.

NOTE 10. ACTIVITY AND CONVENIENCE ACCOUNTS

The following summarizes the changes in assets and liabilities of agency funds (student activity) held by the District:

ASSETS	 lance 1, 2021	A	dditions	D	eletions	alance 30, 2022
Cash	\$ 41,718	\$	53,277	\$	54,499	\$ 40,496
LIABILITIES						
Due to student and other groups	\$ 24,058	\$	18,175	\$	16,917	\$ 25,316
FUND BALANCE						
Reserved for Activity Funds	 17,660		35,102		37,582	15,180
Total liabilities and fund balance	\$ 41,718	\$	53,277	\$	54,499	\$ 40,496

NOTE 11. JOINT VENTURES

The District, along with other public school districts in Tazewell and Mason counties, is a member of Tazewell-Mason Counties Special Education Association. This association, a joint agreement, was formed for the purpose of providing special education services to eligible students in the member districts. Tuition is paid to the association for services on the basis of the number of program eligible students in the District.

Separate financial statements are available by contacting the Association's office at 300 Cedar Street, Pekin, Illinois 61554.

NOTE 12. TAX ANTICIPATION WARRANTS

There were no tax anticipation warrants issued, retired, or outstanding during the fiscal year ended June 30, 2022.

NOTE 13. COMMON BANK ACCOUNTS

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

NOTE 14. DISBURSEMENTS IN EXCESS OF BUDGET

Actual expenditures exceeded budgeted amounts in the Debt Service fund for the fiscal year ended June 30, 2022.

NOTE 15. DEFICIT FUND BALANCES

As of June 30, 2022, the District did not have a deficit fund balance in any fund.

NOTE 16. SELF-INSURANCE PLAN

The District is self-insured through the Heart of Illinois Educators Cooperative for medical coverage provided to school personnel. The cooperative's claims are administered by Employee Benefits Corporation for a fixed fee. Future potential claims as of June 30, 2022 were not determinable.

NOTE 17. CHANGE IN ACCOUNTING PRINCIPLE

During fiscal year 2022, the District implemented Governmental Accounting Standards Board (GASB) Statement Number 87. This statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Under GASB Statement Number 87, capital outlay and other financing sources will be recorded in the year of obligation in the fund financial statements and a capital asset and long-term liability will be recorded in the District's Account Groups. In subsequent periods principal and interest will be recorded in the fund financial statements and depreciation and debt reduction will be recorded in the Account Groups. As a result of this change in accounting principle, \$117,583 of capital assets for bus leases and related debt were recorded.

DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION Provisions per Illinois School Code, Section 17-1 (105 ILCS 5/17-1)

Instructions: If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2023 annual budget to be amended to include a Deficit Reduction Plan and narrative.

The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.

- If the FY2023 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.
- If the Annual Financial Report requires a deficit reducton plan even though the FY2023 budget does not, a completed deficit reduction plan is still required.

DEFICIT AFR SUMMARY INFORMATION - Operating Funds Only

(All AFR pages must be completed to generate the following calculation)

Description	EDUCATIONAL FUND (10)	OPERATIONS & MAINTENANCE FUND (20)	TRANSPORTATION FUND (40)	WORKING CASH FUND (70)	TOTAL
Direct Revenues	7,692,973	628,095	553,454	14,478	8,889,000
Direct Expenditures	7,722,165	514,692	386,467		8,623,324
Difference	(29,192)	113,403	166,987	14,478	265,676
Fund Balance - June 30, 2022	3,455,725	1,051,295	953,820	1,167,613	6,628,453

Balanced - no deficit reduction plan is required.
