ALUMNI RETURN TO IB ENGLISH YEAR 2 CLASS

On Friday, December 21st seven former IB diploma and course students returned to Greenville to visit Ms. Hamilton's IB English Year 2 class. Scott, Hannah, Carley, Nadia, Olivia, Jacob, and Emily discussed the benefits of their participation in the IB program as it helped them in the transition to collegiate academics and expectations. Unanimously, these seven students agreed that IB prepared them to think critically, to develop strong time management skills and to be prepared to manage higher level thinking in a college setting. Current IB seniors were able to ask questions about college and gain first hand insight into life after high school. Greenville would like to thank these seven graduates for their continued support and dedication to the Greenville Central School District and the IB program.
