To celebrate Veteran’s Day, Garfield will have a patriotic Wall of Honor. We would like to ask that you honor someone you know that has served or is serving our country. Notes will go home with your students. Please send a picture for us to display with the note.
Our STEM lab has been a huge success! As we continue to explore science, technology, engineering and math, YOU can help us by contributing materials! Some of these items are things you would ordinarily throw away, and others are things you may have around your house that you no longer need. Any donations are welcome and appreciated! Please make sure all used materials are clean and dry before sending them to school. Thank you for your support of Garfield students!

- Paper towel and toilet paper tubes
- Milk jug lids and pop bottle lids
- Empty pop bottles and water bottles (16 ounce size - plastic)
- Popsicle sticks
- Clothes pins
- Straws
- Yarn
- Paper plates, cups and bowls
- Plastic drinking cups
- Plastic cutlery
- Coffee filters
- Disposable pie tins
- Aluminum foil
- Pipe cleaners
- Rubber bands

In December we will be making Elf Traps in STEM! With your donations we can make some awesome traps and maybe even catch ourselves some elves! To help lure those magical mischief makers we might need to use some Christmas goodies. If you have any bits of tinsel or garland or other Christmas baubles that you no longer use, donations would be appreciated.

Reminder: Now that it’s getting cold and we might be wearing our boots to school please make sure to pack your gym shoes on PE days.

<<<<<< Lets Rewind <<<<<<

October: What we learned!

**Sport:** Soccer

**Skill(s):** Dribbling, passing, and Shooting

Over the last 5 weeks students have learned how to dribble a soccer ball in open space and self-space. We learned how to pass and how to receive a soccer ball. Finally we learned how to properly shoot a soccer ball.

**Interactive:** Ask your student what are the 3 keys to success (main ideas to remember) for each skill dribbling, passing, and shooting. They should be able to tell you or show you (if you have a ball to use).

>>>>> Fast Forward >>>>>

November

Student: Soccer was so much fun Mr. L what are we going to do next!?
Mr. L: You’ll need to come to PE, and find out for yourself because it’s a surprise!

---

**FUN FACTS**

*November 21* is World hello day! Remember to say hello to people you pass.
*November 29* Dust off those dancing shoes because it’s National Square Dance Day! Grab a partner get out there and DANCE!!!!

---

**FUN ZONE**

Each months slip earns an entry into a Big Prize Raffle

Instructions: Solve the riddle below then turn into Mr. Liska by November 26th to earn a prize.

**Riddle:** What do you **Serve** but can’t **eat**?

---

Answer for October: Jumping Jacks
Upcoming Events

Hearing and Vision Re-Screens

November 13th — Hearing and Vision re-screens. This is when we double check previously failed screenings.

November 18th — 19th — Hearing and Vision Screenings for those who missed the previous screenings and any new students.

November 27th — December 1st — Thanksgiving Break

December 2nd — 19th —
Restorative Dental Care With Dr. Barton and Dr. Stiles

Restorative Dental

Restorative Dental care will begin in December. You will receive a call from the School Health Office in November if your child is in need of these services.

We have 2 dentists providing services this year and they will be at the schools from December 2nd through the 19th.

ONLY STUDENTS SIGNED UP WILL RECEIVE THESE SERVICES.
Happy Thanksgiving!
Melody and I would like to wish you a safe, happy and healthy Thanksgiving holiday!

HPV Vaccine Information

HPV vaccine protects against cancers caused by HPV infections.

All Kids, ages 11 or 12 years old, should receive 2 doses of the HPV vaccine. It is recommended that the two doses are 6—12 months apart.

Three doses are necessary for those whose vaccines were not 6 months apart or those who start the series on or after the 15th birthday.

Having your child vaccinated against HPV provides them with safe, effective and long-lasting protection against cancers caused by the Human Papilloma Virus.

Hep A Vaccine Information

You may have seen recent reports out of Joplin, Mo about cases of Hepatitis A in that area. Many of our families travel to Joplin often so we feel it is important to provide a little information about Hep A.

Hepatitis A is a serious liver disease often associated with exposure to fecal matter of an infected person. It can be spread from person to person with direct contact, or from food, water or other objects contaminated with the virus.

Kansas schools require 2 doses of Hep A vaccine for school. This vaccine can prevent Hepatitis A.

Contact your medical provider, or the school nurse, to see if you and your child are up to date on your Hep A immunization.
