

ACT Workshop with Chad Cargill

Cost: \$30.00— Pre-payment is necessary, and seating is limited to 45 students. Reserve your seat by enrolling early.

Who: Any student wanting to raise his/her ACT score

When: Tuesday, December 1st, 2020
9:00-12:00

Where: Multipurpose Building @ BHS

Why: Do you need a few extra points on your ACT to win certain scholarships? Or maybe you are a few points away from qualifying to get into college. Then this workshop is for you! This workshop is a practical hands-on instruction session developed by Chad Cargill. Chad graduated from Oklahoma State with a degree in Industrial Engineering. While in high school, Chad took the ACT 18 times and raised his score from a 19 to a 32. This workshop is packed full of relevant, practical information on how to increase your ACT score as he did. It shows you that the ACT is beatable and that each test will ask you the same questions just worded differently. The workshop covers what will be on the test and how to master the techniques. The **workshop is not a practice test**. It covers general ideas about the ACT as a whole and the individual sections of English (including what the test-makers are looking for and the relevant English rules needed for the test), Math (including exactly what formulas and rules you will need to answer virtually every question), Reading (including three strategies on how to best take the reading comprehension section), and Science (including common question types and strategies to understand and beat the science reasoning section).

Don't miss this opportunity. It's cheaper than other workshops, and it's the most practical workshop that's most importantly not just a practice test.

Bixby Public Schools

How do I enroll?

Bring your \$30 payment (cash or check, payable to Bixby High School) to the High School Counseling Office to reserve your spot. Payment **must** be received prior to class to reserve your spot. There will be no refunds. You will have to check the Cargill website to see if there is a workshop at another school that you can attend. Please contact Jamie Webb in the Counseling Office at (918) 366-2293 or jwebb@bixbyps.org with any questions.
