

Dear Parent/Guardian:

At times, it is necessary for students to be given medications or health related substances at school. A **Request to Administer Prescription Medication Form** must be completed for each prescription medication administered at school. A **Request to Administer Over-the-Counter Medication/Health Related Substance Form** must be completed for each non-prescription drug or substance administered at school including cough drops, salves etc. The applicable form must be filed in the school office and approved before a medication or substance is administered to a student or before a student can take it him/herself. **No exceptions to this policy will be made.**

In addition to the policy, we ask that you also follow these more specific guidelines:

1. All medications/health related substances must be brought to school by parent/guardian. **STUDENTS ARE NOT ALLOWED TO TRANSPORT MEDICATION OR HEALTH RELATED SUBSTANCES TO OR FROM SCHOOL.**
2. Parent/students will be responsible for making sure a supply of medication/substance is at school.
3. Parent/guardian should stress the importance of **student responsibility** to take their medication at the prescribed time.

Medication/substances will only be administered by school personnel when all required paperwork is completed, filed in the office, and approved by appropriate school personnel.

Please feel free to call if you have any questions.

Sincerely,

Sara Andrus
District Administrator
