

Bayer Fund

Students in rural communities can apply for a \$1,500 ag scholarship today!

Greetings!

Help us spread the word today to promote the future of ag leadership. The America's Farmers Grow Ag Leaders program, sponsored by the Bayer Fund, is offering students an opportunity to earn a \$1,500 scholarship in an ag-related field of study, helping to grow the next generation of ag leaders. Agriculture offers a variety of job opportunities in fields such as science, technology, business, engineering and more. The USDA projects an average of nearly 60,000 annual job openings in ag, and not enough grads to fill them.*
