# Alden-Hebron School District 19

## STRIVING FOR EXCELLENCE. TOGETHER.

Following a lack of community support for the proposed \$20.3M facilities project in April 2019, the Board of Education will reengage residents as they consider future options to address aging infrastructure, adequacy of educational space to support program/curricular goals, and the long-term viability of AH19.

Over the next three months the Board will implement an inclusive plan to listen, learn, and collect broad input. Your participation will inform next steps and a future plan aligned to community priorities, practical needs, and the Board's ultimate responsibility to ensure a safe and quality environment for teaching and learning.
