Sec. 1. NONEDUCATIONAL COMMUNITY BASED SUPPORT SERVICES

Students with disabilities and their families may be eligible to receive noneducational community based support services paid for by public funds.

The Texas Education Agency ("TEA") is responsible for establishing procedures and criteria for the allocation of noneducational funds to open-enrollment charter schools for the provision of noneducational community-based support services to certain students with disabilities and their families so that those students may receive a free appropriate public education ("FAPE") in the least restrictive environment.

Education Code 29.013(a).

Erath Excels Academy shall use any funds allocated under Education Code Section 29.013 only for eligible students with disabilities who would remain or would have to be placed in residential facilities primarily for educational reasons without the provision of noneducational community-based support services.

Education Code 29.013(b).

The support services may include in-home family support, respite care, and case management for families with a student who otherwise would have been placed by an open-enrollment charter school in a private residential facility.

Education Code 29.013(c).

The provision of services under Education Code Section 29.013 does not supersede or limit the responsibility of other agencies to provide or pay for costs of noneducational community-based support services to enable any student with disabilities to receive a FAPE in the least restrictive environment. Specifically, services provided under Education Code Section 29.013 may not be used for a student with disabilities who is currently placed or who needs to be placed in a residential facility primarily for noneducational reasons. Funds cannot be used to cover services already required through the student's individual education program or for long-term care.

Education Code 29.013(d).
