### **Records**

The supervisor shall be responsible for keeping food service records required by state and federal laws and regulations.

The supervisor shall be under the direct supervision of the superintendent and shall have control over all aspects of the district's food service programs subject to board policy, rules and state and federal regulations.

### **Meal Prices**

Meal prices shall be determined by the board.

### **Free and Reduced Price Meals**

### **Unpaid Meal Charges**

The district's meal charging requirements are as follows.

Unpaid meal balances shall not exceed \$50 per family. If an unpaid meal balance for a family reaches \$50, the students therein will not have access to regular school meals until such time as the balance is paid in full or falls below the \$50 maximum. The district may pursue legal collection procedures for unpaid balances.

Any student failing to keep his/her account solvent as required by the district shall not be allowed to charge further meals until the negative account balance has been paid in full. However, such students

will be allowed to purchase a meal if the student pays for the meal when it is received. At least one written warning shall be provided to a student and his/her parent or guardian prior to denying meals for exceeding the district's charge limit. If the debt is not paid within 10 days of mailing the final notice of the negative account balance under policy DP, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges.

Payments for school meals may be made at the school or district office or online at <https://valleyheights.revtrak.net>. Students, parents, and guardians of students are encouraged to prepay meal costs.

The district will provide a copy of this unpaid meal charges policy to all households at or before the start of school each year and to families and students that transfer into the district at the time of transfer. The terms of this policy will also be communicated to all district staff responsible for enforcing any aspect of the policy. Records of how and when it is communicated to households and staff will be retained.

#### Availability of Meals on Remote Learning Days Due to Severe Weather

When severe weather or poor road conditions due to ice and/or snow threaten the safety of students, the superintendent may close district schools or designate such days as remote learning days pursuant to policy EBBD. On these days, the superintendent will determine whether the weather and road conditions allow for safe passage of students, staff, and parents for the provision, service, and transportation of school meals to students.

If the superintendent determines it is safe to provide meal service on these days, school meals will be provided, although the manner of provision may be modified by the superintendent. If the superintendent

determines that it is not feasible due to safety concerns to provide meal service on such days, notice that school meals will not be available on that day will be provided to students, parents, and affected staff members. Any alteration of the usual meal service process on these days will be communicated to staff, students, and parents using regular district communication channels.
