Comments: The 124 points scored by our Girls Team were the most by either Boys or Girls at the League Meet in the 17 years I've coached here. We don't have the depth to compete for 1st as a team at this small of meet, but we were only 27 points off of Silver Lake for the title and 40 points ahead of 3rd place. I was pleased with the number of PR's and Season Bests. With a meet this small it runs by very quickly and some of our athletes needed to run more for place than time to ensure that they could complete all of their events.

We now have a good idea of where are strengths are going into the Regional Meet at Jefferson County North on Friday. There will be 16 schools competing, which is the size of meet we're built for. The top 4 places in each event will qualify for State and we think our Girls Team is in the running for their first ever Regional Championship in Track as well. We're looking forward to the challenge!
