Comments: We had to battle some cold, windy weather and are still not back up to full strength, but we had some really good performances anyway. We had several PR's in the throws and a couple really good times in the 3200 on the track. The weather was really tough for sprinters, but we still competed well and picked up a PR as well as several that were just off their best.

We'll have another meet at Burlington before this is published. It is a good-sized meet with 16 schools, many of them 3A. It is usually a good meet for giving us a feel of what a Regional Meet will be like. Then we'll be looking to finalize what our best options will be for the League, Regional, and State meets that follow!
