SLE AND CEE PROGRAM REQUIREMENTS

- -August or prior to the beginning of the School Year: Board approval of the database of sites for the coming year. Also, approval of changes to the program or updates needed.
- -Any new sites for internship are added to the database at the next available board meeting, until the approval of the Board the Principals signature is the carrier for the insurance policy to apply in case of an accident.
- -If there is a new site, the Coordinator must complete a site safety check prior to the student attending.
- -Once all of the forms are filled out, a plan for training, and the contract is completed then a student may attend the site for mentoring
- -Every 10th day of attendance a 1 hour visitation is required as an observation. This would be 3 times in 1 year if the program begins in the 2nd week of September.
- -A log is to be kept of the hours on site as well as in district, a journal, as well as coursework of a Capstone course in nature is to be completed.
- - A grade is to be entered in the matriculated majors core class by the teacher as to the assessment feedback from the mentor.
- - A reoccurring safety check should be every 3-4 years in case of changes to the location or equipment being used.
