---

Dear Parents/Guardians,

Strawn School administration is aware that a number of students intend to drive to school either occasionally or on a regular basis. Just a reminder, that all students must register their auto to drive and park on school property. It is also important that students and parents are aware that under no circumstances can students drive a vehicle without a valid Texas Driver License.

Strawn School is mindful of the fact that young drivers are at greater risk than older more experienced drivers and that travelling with teenage passengers considerably increases the risks for young drivers. Consequently, we are conscious of the need to ensure a duty of care for our students.

We are also committed to ensuring that the Strawn community maintains a positive perception of the school and that irresponsible and unsafe driving by students will inevitably have a negative effect on the school's image within the community. We therefore have an expectation that students will drive to and from school in a safe and responsible manner.

Our utmost goal is the safety and welfare of all of our students as they come to and from campus. Thank you for your assistance and cooperation with this important issue.

Sincerely yours,

Richard M. Mitchell, M.Ed.

Principal

STRAWN ISD
