### About the audit

This report contains the results of our independent accountability audit of Kelso School District No. 458 from September 1, 2013 through August 31, 2015.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the District's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- Cash receipting
- Self insurance assessment
- Open public meeting minutes
- Payroll/personnel
- Disbursements/expenditures
- Teacher education and experience (staff mix) reporting
- Student enrollment reporting
- System user access controls
