- A. Telecommunication devices will be turned on and operated only before and after the regular school day and during the student's lunch break, unless an emergency situation exists that involves imminent physical danger or a school administrator or teacher authorizes the student to use the device;
- B. If an emergency situation exists involving imminent physical danger, a staff member may authorize a student to use a device.
- C. Students will not use telecommunication devices in a manner that poses a threat to academic integrity, disrupts the learning environment, or violates the privacy rights of others;
- D. Students will not send, share, view, or possess pictures, text messages, emails, or other material depicting sexually explicit conduct, as defined in RCW 9.68A.011, in electronic or any other form on a cell phone or other electronic device, while the student is on school grounds, at school sponsored events or on school buses or vehicles provided by the district.
- E. When a school official has reasonable suspicion, based on objective and articulable facts, that a student is using a telecommunications device in a manner that violates the law or school rules, the official may confiscate the device, which will only be returned to the student's parent or legal guardian.
