

Section: **MANAGEMENT SUPPORT**

Policy Title: **Student Insurance**

Student accident insurance coverage may be offered in order to keep the insurance premium within the reach of the majority of students. The superintendent, or his/her designee, is authorized to receive quotations from the various underwriters. If student insurance is offered, the district shall distribute application forms and supply the necessary claims information (time of accident, cause of accident) when requested by a student or his/her parent.

To be eligible for consideration, an agency and/or underwriting company must provide knowledgeable representation to follow up problem claims, answer questions concerning coverage and procedures and expedite the entire program from the standpoint of communication among the claimant, doctor or hospital and claims office. The underwriting company, if not located in Washington, must maintain an agent within the state with authority to handle, adjust and process claims so that final claim determination shall be made within the state of Washington.

No District funds shall be used for the payment of premiums nor shall the District or any of its employees assume any responsibility whatsoever for the provisions of the student insurance policies.
