Policy Title: **Cameras on School Buses**

The board authorizes the use of cameras on district-operated school buses for the primary purpose of reducing discipline problems, thus providing a safer environment for the transportation of students. The reason for recording the transportation environment is to provide school officials, drivers and parents/guardians/custodians with documentation when dealing with inappropriate student behavior. Disciplinary action will be in accordance with policies and procedures in Student Rights and Responsibilities.

The superintendent/designee shall prepare procedures for use of the recording devices on buses, the authorized review process for video tapes and the proper disposal of tapes.
