

Name \_\_\_\_\_

**Solve the problems to find the best buys.**

1. Fleischmann's margarine is 2 lbs. for \$3.25 at Food Mart. Joel has a coupon and buys 2 lbs. He pays \_\_\_\_\_ for the margarine. Lou shops at The Market, which does not accept coupons. He paid \$3.60 for 3 lbs. of Fleischmann's. Who made the best buy? \_\_\_\_\_ How much more per pound did the other person pay? \_\_\_\_\_
2. Food City sells Reames egg noodles for \$1.79 a pkg. They accept coupons at face value. Mac's Market sells Reames egg noodles for \$2.25 a pkg. They double the value of coupons. Using the coupon, who has the best buy? \_\_\_\_\_ How much more does a package of noodles cost at the other store? \_\_\_\_\_
3. Carol doesn't clip coupons. She purchased a pint of Haagen-Dazs for \$3.22. Kristy does use coupons. She bought a quart of Haagen-Dazs that cost \$6.35. With her coupon, she paid how much? \_\_\_\_\_ Who made the best buy? \_\_\_\_\_ How much less per pint did she pay? \_\_\_\_\_
4. Mrs. Baxter bought 4 pkgs. of Baker's chocolate at Fries. With no coupon, her total was \$6.36. Later, at Smyth's, and with a coupon, she purchased 2 pkgs. that cost \$1.64 ea. She paid \_\_\_\_\_. Where did Mrs. Baxter make the best buy? \_\_\_\_\_ She paid how much less per package? \_\_\_\_\_
