

Jason Schueller Memorial Scholarship

This scholarship is in honor of Jason Schueller who lost his life in 1996 while a student at Athens Elementary School.

Jason Schuller was a very energetic kid that spent countless hours helping his family with the chores around the family farm. During family events he could always be found running around getting into mischief with one of his many cousins. He enjoyed playing with his dog snowball. Jason was always up for a tractor ride with Grandpa Walter, and always wanted just one more ride before heading home. Fishing with Grandma and grandpa Schueller was always fun for Jason.

In honor of Jason a \$500 scholarship will be given to a student pursuing a program in the technical and trades area at a Technical College

The scholarship will be awarded after proof of grades from first semester are provided along with proof of enrollment in second semester.
