Buena Vista School District  
HB 17-1375 Plan

While the Buena Vista School District does not currently have a charter school or innovation school, this serves as a plan to address distribution of funds to charter and innovation schools as required by Colorado Statute 17-1375.

The Buena Vista School District will distribute an amount equal to at least ninety-five percent (95%) of the district’s per pupil mill levy share for the applicable budget year multiplied by the number of students enrolled in the charter school or the innovation school for the applicable budget year.

This plan will be reviewed annually.

This plan was reviewed and accepted by the Board of Education.

Lisa Yates, Superintendent  6/11/2018

Suzette Hachmann, Board President  6/11/2018
